INCONTINENCE

Incontinence becomes an unfortunate fact of life for many individuals. At APA Medical we offer a wide variety of incontinence supplies to help make everyday living more comfortable and stress free. We also offer a personal and discreet home delivery service, as we understand the sensitive nature of having to use incontinence products.

Call and ask us about our monthly re-order program!

Many of APA's incontinence products are provided at no cost to eligible Medicaid recipients. Depending on your needs and eligibility, you may be able to receive pull-up underwear, tabbed briefs, bladder-control pads, booster pads, liners, male guards and chucks through your insurance. An APA Medical representative will work with you to verify your current eligibility.

Call APA Medical today at 612-722-9000 to have one of our representatives help you figure out your benefits and choose the products that are right for you.

INCONTINENCE

ADULT WIPES: Incontinence is simply a reality for many—adult wipes offer comfortable and sanitary clean up.

BLADDER PADS: APA Medical offers a variety of bladder and booster bads. Our large array of bladder pads are designed to make life with incontinence more comfortable and manageable.

CHUCKS: Disposable bed pads with extra-heavy absorbent polymer and odor controlling agent that provide maximum incontinence protection and neutralize odors.

HYGIENE & APPLICANTS: A variety of hygiene creams and applicants to make living more comfortable and sanitary for those who suffer from incontinence issues.

EXAM GLOVES: We offer multiple-use exam gloves for a variety of bathroom and hygiene issues.

PULL-UP UNDERWEAR: Incontinence issues can be uncomfortable and inconvenient for many. We offer pull-up underwear in three varieties: men, women and unisex.

TABBED BRIEFS: We offer tabbed briefs for those with incontinence issues. These disposable tabbed briefs offer heavy absorbency and skin-smart fabric made with aloe and chamomile for skin wellness.

LIFT CHAIRS

Largest lift chair supplier in the area:

Our lift chairs aren't just for those who need assistance when standing. A large portion of our customers are people who simply want to increase their all-around comfort and quality of life. With over 30 customizable chairs to choose from, you're sure to find the chair that best suits your relaxation and wellness needs.

Not just for Grandma anymore!

Power assist chairs provide the ultimate comfort and relaxation; you don't need to have a medical condition to enjoy their benefits. Anyone who has an active lifestyle at all, or who has suffered from minor aches and pains over the years, will enjoy the comfort provided by power operated l ift chairs. Don't buy your power assist chair from a furniture store, come to APA Medical—we're the experts and we'll outfit you with the best chair for your particular needs. APA is a full-line provider of multi-positioning, poweroperated chairs in many models, fabrics and colors to suit your needs and home décor. With comfort options like power headrest, AutoDrive, Heat & Massage, why would you consider anything else for the chair you spend so much of your down time in?

Don't blink - the pricing is correct: You won't find better deals than at APA Medical—no one has better prices than us. Our buying power allows us to offer the best pricing you can find. The internet? Forget it—we beat that pricing hands down. Don't believe us?Go ahead and look for yourself, but we promise you we have the best pricing you'll find anywhere.

ACCESSABILITY RAMPS & INSTALLATION SERVICES

Your Trusted Accessibility Experts:
With two decades of experience and hundreds of ramps installed and serviced, APA Medical are experts at configuring, quoting and installing the perfect ramp for every living environment. We customize our ramps to fit your individual needs and fit them based on the layout of where you live.

We understand that every living environment is different and no “cookie cutter” ramp will work in each situation. You can rely on APA to optimize the accessibility to your home.

Flexible Solutions:
Rent or Buy Our ramps can be purchased to serve your home accessibility needs for years to come. At APA, we’re empathetic to the fact that you may not know how long you’ll need a ramp. Injuries and the aging process are unpredictable and vary from case to case.

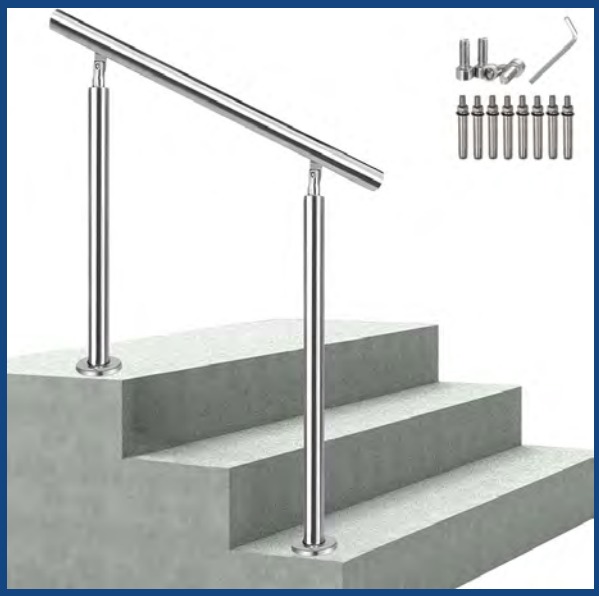

If you only need an accessibility ramp for a short time—no problem, our ramps can be rented for short or long-term use. Your first month rental can be applied to your purchase if you determine that the ramp will be needed more long term.

Durable & Economical Options:
At APA Medical we pride ourselves on offering the best products at the best prices. We offer aluminum modular ramps and do our utmost best to meet your accessibility needs while fitting your budget. We accept most major credit cards.

Call 612-722-9000 for a FREE home estimate.

GRAB BAR & HANDRAIL INSTALLATION

Grab bars & exterior handrails

Let APA make your home a safe place to live in. Individuals with strength and mobility issues need safety bars throughout the home and we are experts in home installation of grab bars at affordable prices. Whether you need bars for your bathroom area, safety railings for your garage or front stairs, or bars and railings in other areas of your home, we can provide you with the safety and confidence you're looking for. We have been installing grab bars and stair railings for two decades in our customers' homes, so we understand which areas of the home make you vulnerable and where bars and railings will make you feel safe.

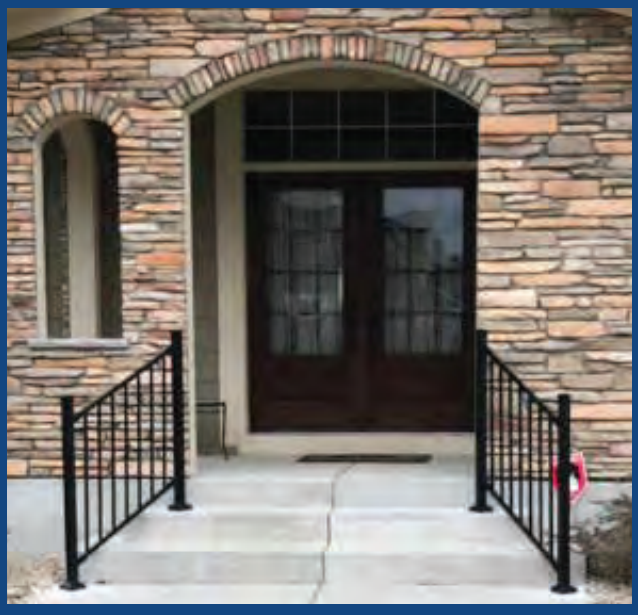

Free estimates with a simple phone call 612-722-9000

APA is fully accredited by the BOC and insured.
Board of Certification/Accreditation International: 877-776-2200.
APA has been in business since 1970 and proudly located in South Minneapolis

GRAB BARS: Prices for many of our grab bars and handrails can be quoted over the phone. If you need grab bars, we can quote a price if you let us know how many and what material (tile, fiberglass, wall board, or other) that the bars will be installed into.

HANDRAILS: Most handrail prices can be quoted over the phone after you answer a few simple questions. We install both interior and exterior handrails.

Fast service with best pricing:
APA is one of the largest installers of grab bars in the Upper Midwest because we offer the best pricing and the best service. APA is the preferred installer for many healthcare groups such as Medica, Ucare, Health Partners and Blue Cross MSHO programs as well as County Waiver programs, with nearly 1,000 bars installed annually.

SCOOTERS AND POWER CHAIRS

Your Full-Service Partner in Power Mobility:

When you choose a power scooter, you need more than a transaction—you need a long-term partner. At APA Medical, our value comes from the **full-service support and expertise** we provide, ensuring you get the right equipment with total peace of mind. We offer a wide variety of power mobility options, but our commitment goes far beyond selection. Our dedicated team manages the entire process for you.

APA Medical offers a wide array of mobility equipment for the elderly and others who need help getting around. Staying mobile and independent is one of the biggest keys for successful living. Our mobility equipment helps individuals feel safer and more secure as they move, which helps both their physical and emotional well-being.

ADULT UNDERWEAR – PULLUPS WOMEN

Prevail® Protective Underwear For Women is specifically designed to hug a woman's shape and provide maximum protection for long-lasting freshness. Breathable, cloth-like fabric keeps wearers dry, ensuring they feel protected on a daily basis. Women who experience frequent leaks or sudden urges that don't leave enough time to get to the bathroom can rely on this cotton enhanced™ product to deliver maximum absorbency and discretion in a lavender hue.

K6X860	Small (20"-34") – 22/PK	T4525
K6X690	Medium (28"-40") – 20/PK	T4526

ProSkin™ Technology includes a soft top layer and exclusive 3D technology to quickly wick fluid away – helping to keep your skin protected. Designed for overnight use with triple protection against leaks, odor, and wetness. As opposed to period pads, these absorbent urine pads protect against heavy leaks to help keep you dry and protected day and night. Overnight bladder pads are also perfect for women experiencing post-partum incontinence. For worry free nights.

K6XPVX120	28/PK	T4535

DISPOSABLE UNDERPAD ATTENDS PREMIER

The Attends Premier range of products was designed to help you or those you care for manage heavy to severe urinary and/or fecal incontinence. Because Attends uses some of the softest and most absorbent materials available, Attends Premier will help you feel confident that you or your loved ones are protected during the day or night. Attends Premier, Premium Under pad contains Dry-Lock Containment Core which results in superior dryness and surface protection. In addition, Attends has included a high-strength, breathable back sheet which allows for use on low-airflow mattresses and repositioning users weighing up to 350lbs.

K6X935	39/PK	T2029

DISPOSABLE UNDERPAD FLUFF

Provides a moderate level of absorbency with a non-polymer fluff core. Spunbond nonwoven topsheet allows fluid to pass quickly into the fluff core. Diamond-embossed pattern for pad stability and utilization. Polypropylene backing protects against leakage and resists melting.

K6X614	(17" x 24") 300/Case	Blue Fluff/Light Absorbency
K6X615	(23" x 24") 200/Case	Blue Fluff/Light Absorbency

DISPOSABLE UNDERPAD FLUFF

Prevail fluff underpads are a disposable absorbent product designed to provide secondary leakage protection to protect beds, chairs and other surfaces. Absorbent fluff layer to quickly pull and lock up liquid. Moisture proof barrier for effective protection of beds, linens, chairs and other surfaces. Use overnight for extra strong construction that resists stretching and tearing even when wet.

K6X614	(17" x 24") 300/Case	Blue Fluff/Light Absorbency	T4541
K6X615	(23" x 24") 200/Case	Blue Fluff/Light Absorbency	T4541

DISPOSABLE UNDERPAD FLUFF/POLYMER HEAVY

Wings™ fluff and Polymer underpad with spunbond non-woven topsheet, diamond-embossed and polypropylene backsheet. Extra heavy absorbent polymer and odor controlling agent provide maximum incontinence protection and neutralize odors. Strong waterproof polypropylene backsheet protects against leakage and resists melting.

K6X306	(30" x 36") 10/PK	Green Fluff/Polymer Heavy Absorbency	T4541

WASHABLE REUSABLE BED PADS

Washable, hypoallergenic, quilted chair and car seat pad protector with absorbent core and moisture-proof barrier. Soft multilayer sheeting with soft polyester top absorbs fluids while the white vinyl center prevents leakage. Elastic bands prevent shifting.

K7X108	Small (24" x 36")	T2029

Dignity in Every Detail: The Critical Role of Incontinence Supplies in Home Care

At APA Medical, we know that the path to thriving at home is paved not only with advanced medical equipment, but with quiet, daily necessities that protect comfort, confidence, and dignity. For the elderly and those living with illness or disability, incontinence is not just a medical issue—it is a deeply personal challenge that can affect physical health, emotional well-being, and social connection.

That's why appropriate incontinence supplies are not merely supportive—they are essential medical tools. High-quality briefs, underpads, skin barriers, and odor-control products do more than manage a condition. They prevent infection, safeguard delicate skin, ease the burden on caregivers, and most importantly, restore a sense of autonomy and peace of mind.

As a dedicated health partner, APA Medical brings empathy into every recommendation and diligence into every incontinence delivery—ensuring that each patient and caregiver receives not only the right product, but the compassionate care that comes with it.

RHEA

The Rhea features a plush, overstuffed seam back and seat. Both arm rests open fully to reveal storage compartments, a cup holder, a wireless phone charger, a tray table, and a USB port. This chair also comes standard with Golden's HeatWave feature, to warm you from your shoulders to your toes with gentle, far-infrared therapeutic heat. Far-infrared heat is able to penetrate deeper into the body while being gentler and more comfortable than a traditional heating pad.

The 4 zone comfort system (PR-442) allows you to control your backrest, footrest, headrest, and lower back independently for full-body support. Each comfort zone can be controlled electronically with the handheld pendant.

Rhea with Twilight

The Rhea with Twilight features all of the above luxury features, as well as Twilight Tilt and Nirvana Swedish air massage in the back and seat. Nirvana Swedish massage features 10 air chambers for fully automated full body massage.

The 5 zone comfort system (PR-447) allows you to control your backrest, footrest, headrest, and lower back independently for full-body support. Each comfort zone can be controlled electronically with the handheld pendant. This model also includes Twilight Tilt, which allows you to effortlessly elevate your feet above your heart to improve circulation.

RECLINER SLIPCOVERS

Golden's quilted recliner slipcovers are 100% waterproof microfiber covers to protect your lift chair from spills and accidents. Made from a waterproof polyurethane layer sandwiched between soft microfiber fabric and a non-skid silicone backing, these slipcovers provide full coverage of the seat, legs, armrests, and back of your chair. If the slipcover gets soiled, just throw it in the washing machine and then dry on low heat. It's that simple!

- Fits chairs with seats up to 26" wide
- Machine washable
- Available in grey and tan

M-LCP-MSCCSC1 | Tan
M-LCP-MSCCSC2 | Grey

CLOUD+

The Cloud+ is Golden's newest luxury power recliner with a wealth of features. Its 4 motors allow for compete independent control of every part of the chair from your head to your toes. With a tray table, LED reading light, cup holder, wireless phone charger, and a USB charging port as well as built in storage compartments in each arm, you may never want to leave.

Upgrade your chair with Golden's Nirvana Swedish air massage and Heatwave far-infrared heat. Far-infrared heat is able to penetrate deeper into the body while being gentler and more comfortable than a traditional heating pad, and Nirvana Swedish massage comes with 10 air chambers for full-body relaxation and relief.

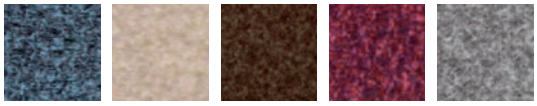

The Cloud+ has more optional upgrades as well: a cooling fan, a Bluetooth speaker, a tablet holder, a flexible light, an essential oil diffuser, an illuminated bowl, and a stem glass holder. Now that's luxury!

The 4 zone comfort system allows you to control your backrest, footrest, headrest, and lower back independently for full-body support. Each comfort zone can be controlled electronically with the handheld pendant.

- Programmable AutoDrive™ hand control
- Nirvana® Swedish air massage and Heatwave™ (optional upgrade)
- Fold-out arms with accessories

PURCHASE OR RENTAL OPTIONS

Our ramps can be purchased to serve your home accessibility needs for years to come. At APA, we're empathetic to the fact that you may not know how long you'll need a ramp. Injuries and the aging process are unpredictable and vary from case to case. If you only need an accessibility ramp for a short time—no problem, our ramps can be rented for short or long-term use. Your first month rental can be applied to your purchase if you determine that the ramp will be needed more long term.

ECONOMICAL

At APA Medical we pride ourselves on offering the best products at the best prices. With ramp options available in aluminum and steel, we can meet your accessibility needs while fitting your budget.

PORTABLE RAMP – ALUMINUM ENTRY THRESHOLD

The TRANSITIONS® Angled Entry Ramp is a portable, stand-alone threshold ramp featuring independently adjustable legs with swivel feet, allowing for vertical adjustment. This self-supporting aluminum threshold ramp is ideal for doorways that swing in and out, uneven surfaces, or single step rises.

HCPC: T2029

HCPC: T2029

SP-339

CANE – BLIND TELESCOPING 54-60"

The Fiberglass Telescopic Cane with Rolling Ball Tip from Ambutech is a light duty identification cane that features a durable fiberglass shaft that easily adjusts and extends from 54 to 60 inches. The telescopic cane then locks in place with a quick turn of the shaft to make for safe and secure navigation. It easily retracts to 11.25 inches (not including Ambutech cane tips, which vary in size). The shaft is wrapped in white reflective tape with a 6-inch red stripe. The comfortable to hold black rubberized grip encourages proper grasp of the mobility cane and also includes a wrist loop. This Fiberglass Telescopic Cane comes with a rolling ball tip – a large 2-inch diameter sphere with encased stainless steel roller bearing. The rolling ball tip makes for greater sensitivity and visibility and is ideal for the constant contact technique. It also easily handles road obstacles and pavement cracks and attaches to the cane shaft via an 8mm thread. The tip is easy to replace/change – simply screw it into the cane shaft. This cane is compatible with a full range of Ambutech tips with 8mm thread.

HCPC: T2029

CUSHION COCCYX

Made of our Deluxe Body Active Memory Foam that remains uniform in density and conforms to your individual shape to relieve pressure points and help increase blood flow while maintaining support and comfort time after time. The surface of the ortho seat is ergonomically contoured to distribute your body weight across the seat. It has a coccyx comfort space to allow your tailbone to “float” in the open space rather than be compressed against the seating surface. This reduces pressure on the tailbone, discs and vertebrea throughout the spine.

HCPC: **T2029**

J2X995

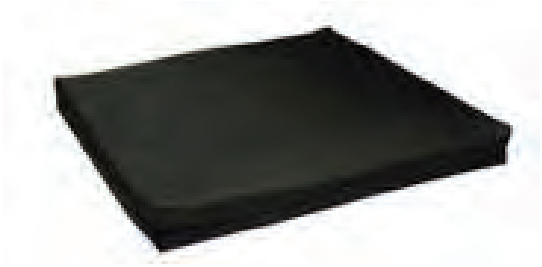

CUSHION COCCYX 18X16

Rear cutout relieves pressure on Coccyx area. Provides stability and comfort. Made of dense, heavyweight foam. Firm 3" foam base cushion provide extra firm support and.

HCPC: **T2029**

J2BA581

CUSHION FOAM/GEL

The Dura-Gel™ BASE 2G wheelchair cushion reduces surface pressure through the use of a support layer of non-aqueous Dura-Gel™. The cushion uses a high density base foam for durability in combination with a medium density topper.

HCPC: **T2029**

CUSHION GEL PAD

The Pilot™ is a low-profile cushion that provides exceptional pressure relief for most users with a pressure injury history. 1" of Akton® polymer provides immersion for bony prominences and protects clients with fragile skin integrity. Recommended for use on manual and power wheelchairs, truck or taxi seats, or for other uses requiring significantly reduced high pressure areas, vibration and shear. The very low profile allows users to effectively reach the floor for more efficient foot-assisted propulsion. Comes with basic cover. Incontinent and replacement covers are also available.

Breathing Easier, Living Better: The Vital Role of Air Purifiers and Humidifiers

At APA Medical, we believe that true wellness starts with the air we breathe. For elderly individuals and those living with chronic illness, air quality is not a comfort—it’s a critical component of care.

Respiratory conditions like COPD, asthma, and heart disease, as well as fragile immune systems, are all deeply affected by airborne pollutants, allergens, dry air, and fluctuating humidity levels. That’s why we consider air purifiers and humidifiers not just helpful tools, but essential medical equipment—quiet protectors working around the clock to reduce risk, ease breathing, and support restful sleep.

As your dedicated health partner, APA Medical brings empathy to every home and diligence to every recommendation—ensuring that our patients and caregivers have access to clinically appropriate solutions that protect comfort, safety, and dignity at home.

Because when every breath matters, the air around you matters even more. And with APA Medical, you never have to manage that need alone.

SCX336	Super Size Standard 46”H x 33”W x 64”L

AC UNITS

Installing the air conditioner in a shaded window will help it operate more efficiently. A window facing north will be in shade most of theday. The window you select for installation needs a suitable power outlet nearby. The manufacturer may specify that you plug the devicedirectly into the outlet with no extension cord. The circuit the outlet is on must be able handle the electrical load of the air conditioner. Different models have different plug configurations. Make sure the air conditioner you select is compatible with your outlet. Check the product packaging for the plug design.

AIR CONDITIONER – UP/DOWN WINDOW

Most window air conditioners are designed to fit double-hung windows, which have a sash you can raise or lower. Measure the inside dimensions of the installation window carefully to make sure you find a model that fits. Don't rely on estimates.

HCPC: **T2029**

AC-111	**AC Unit With Disposal**

AIR CONDITIONER – WALL/WINDOW SLEEVE

Units that slide into a sleeve that fit through a wall or window, usually in an apartment building. They vert from the sides or back. A regular window air conditioner should not be used in a sleeve unit. Can cause overheating and burn out. Must be vented. Comes with remotes.

HCPC: **T2029**

AC-107	**AC Unit With Disposal**

AIR CONDITIONER – PORTABLE

Must Be Vented Through Window -good To Know What Location In The Home The Air Conditioner Will Go. What Direction Facing Will The Unit Be Installed. But Like Window Units, Portable Air Conditioners Need To Vent Warm Air And Water To The Outside. They Do This Via One Or Two Hoses, Depending On The Unit. These Hoses Must Be Run To A Door Or Vented Through An Outside Wall For Ventilation.

AC-200

AIR PURIFIER BIG ROOM (HOLMES)

True HEPA filtration removes 99.97% of airborne allergens from the air that passes through the filter. New LED Progress Bar to remind you when filter needs to be replaced. Digital display with auto-off timer; 4 speed settings. Recommended for medium sized rooms; Smoke CADR: 193.

CTX207	Charcoal Filter - needs 1 (sold in pack of 6)

AIR PURIFIER TOWER (HOLMES)

The Holmes aer1 Tower Air Purifier with HEPA-Type Filter captures particles as small as 2 microns from air passing through the filter, and operates quietly to remove up to 99% of airborne particles such as pollen, dust, mold, pet dander, and smoke, providing relief from odor and irritants in the air so you can breathe comfortably. The air filter also offers 30% better dust elimination than traditional Type A HAPF30 filters at clean air delivery rate passing through the filter. You can see the particles being accumulated through the Visipure Air Filter Window, and this Holmes air purifier has a filter reminder, so you know when it's time to change the filter. The space-saving design easily fits in any corner of the room, leaving clean and crisp air all around your home. The optional ionizer also helps to ensure smaller particles are more easily captured, and helps tackle odors.

HCPC: **T2029**

KK-117	Purifier

This item uses 2 different filters 2 Hepa filters and 2 Charcoal filters.

CTX205	Hepa Filter - needs 2 (sold individually)

Breathing Easier, Living Better: The Vital Role of Air Purifiers and Humidifiers

At APA Medical, we believe that true wellness starts with the air we breathe. For elderly individuals and those living with chronic illness, air quality is not a comfort—it's a critical component of care.

Respiratory conditions like COPD, asthma, and heart disease, as well as fragile immune systems, are all deeply affected by airborne pollutants, allergens, dry air, and fluctuating humidity levels. That's why we consider air purifiers and humidifiers not just helpful tools, but essential medical equipment—quiet protectors working around the clock to reduce risk, ease breathing, and support restful sleep.

As your dedicated health partner, APA Medical brings empathy to every home and diligence to every recommendation—ensuring that our patients and caregivers have access to clinically appropriate solutions that protect comfort, safety, and dignity at home.

Because when every breath matters, the air around you matters even more. And with APA Medical, you never have to manage that need alone.

CUP NOSEY

A special cutout helps maintain proper head and neck positioning when swallowing, making drinking even easier. Transparent polypropylene cup enables instant monitoring of liquid intake. Institutional dishwasher safe to 228°F. Latex free.

HCPC: **T2029**

KA-707

CUP SIPPY NO-TIP

Two-handled cup with weighted base and rounded corners is ideal for pediatric use. Self-righting, even when released from a lying position. Clear plastic, dish shaped lid has two holes to let fluid flow into the dish for drinking. Another lid has a molded plastic mouthpiece. Holds up to 6-1/2 oz. Top shelf dishwasher safe. BPA and Latex free.

HCPC: **T2029**

KA-120

CUP W/LID 2 HANDLES

Clear, high-strength plastic with dual handles for a secure grip. Wide base helps prevent tipping. 10-oz. capacity. Includes white spouted lid. Rigid plastic frame. Color-coded rubber bands. Contains Latex.

HCPC: **T2029**

KA-229

WEIGHTED CUP WITH LID 12 OZ

12-oz. cup with eight extra ounces of weight makes it easier for clients with tremors and athetosis to control movement while drinking. Insulates hot or cold liquids. Features easy-to-grasp handle and stable, wide base. Made from Polypropylene. Not recommended for institutional dishwasher or microwave. BPA, Phthalates and Latex free.

HCPC: **T2029**

KA-839

CLIP-ON FOOD GUARD

1-1/4" high guard curves slightly to aid scooping and keep food on plate. Sturdy, attractive white plastic with light gray specks. Dishwasher safe to 180F. BPA, Phthalates and Latex free. Three hooks securely attach guard to plates 9"-10" in diameter.

HCPC: **T2029**

KA-991

PARTITIONED SCOOP DISH

White melamine, 8-3/4" diameter dinner plate with 3/4"-high dividers and nearly vertical sides. Two sections have a 4-oz. capacity; the third holds 8 oz. Not recommended for microwave or heavy institutional use. Dishwasher safe to 180F. Latex free.

HCPC: **T2029**

KA-408

PLATE DIVIDED W/LID

Durable polypropylene dish with lid. Sides are 1-3/4" high for easy scooping; section dividers are 7/8" high. Freezer-to-microwave safe, and top-rack dishwasher safe. 10" diameter. BPA, Phthalates and Latex free.

HCPC: **T2029**

KA-409

SCOOP BOWL HIGH-SIDED

7-3/4" melamine plastic dish has 1-3/4"H sides to make scooping easy. Non-skid feet on bottom prevent plate from slipping. Dishwasher safe. BPA, Phthalates and Latex free.

HCPC: **T2029**

KA-409

SCOOP DISH

Molded low in front and high in back. Unbreakable, 8" round scoop dish is nonskid with rubber-padded bottom for control when scooping. Washes in top shelf of domestic dishwashers. Not recommended for microwave. Latex free.

HCPC: **T2029**

KA-411

SCOOP PLATE W/SUCTION

The high rim and reverse curve on one side of this 6-3/4" diameter polypropylene plate help those with self-feeding problems to scoop food without spilling. A rubber suction base adheres to tabletop to keep plate securely in place. Microwave safe. Broad nonskid vinyl base must be removed from bowl before placing in dishwasher. Dishwasher safe on top rack only up to 180F. Color may vary. Latex free.

HCPC: **T2029**

KA-413

Nourishing More Than the Body: The Essential Role of Adaptive Dining Supplies

At APA Medical, we understand that **mealtime is about more than nutrition—it's about independence, dignity, and the comfort of routine.** For elderly individuals and those living with physical or neurological challenges, the ability to eat independently can quickly become compromised by tremors, weakness, arthritis, or impaired coordination.

That's why **appropriate dining supplies are not just conveniences—they are medical necessities.** From weighted utensils and easy-grip cups to divided plates and non-slip mats, these adaptive tools transform frustration into freedom, reduce the risk of choking or spills, and restore a sense of normalcy to daily life.

As your dedicated health partner, APA Medical approaches every need with empathy, listening to the real challenges our patients and caregivers face. And we respond with diligence, delivering practical, high-quality dining solutions that support safety, self-sufficiency, and well-being.

Because we believe that thriving means having the tools to nourish your body—with dignity and ease—at every stage of life.

HCPC: **T2029**

KA-826

Empowering Independence, One Meal at a Time

At APA Medical, we believe that every corner of the home should support healing, dignity, and independence—and the kitchen is no exception. For the elderly and the infirmed, everyday tasks like opening jars, handling sharp tools, or safely preparing meals can become overwhelming or even dangerous without the right support.

That's why appropriate kitchen supplies are more than just helpful tools—they are essential medical necessities. From easy-grip utensils and ergonomic cookware to safety-opening devices and adaptive cutting boards, these items restore function, reduce injury risk, and enable individuals to continue engaging in the deeply personal act of preparing food for themselves and others.

As a dedicated health partner, APA Medical delivers these solutions with empathy, listening to each person's unique needs, and with diligence, ensuring every product meets the highest standards of safety, usability, and care.

Because thriving at home doesn't just mean having the right equipment—it means having the right tools to live with confidence, purpose, and joy.

Extending Independence: The Essential Role of Reachers

At APA Medical, we understand that independence is not a luxury—it's a vital part of dignity and well-being. For the elderly and those living with illness or limited mobility, a reacher is not just a tool—it's a lifeline.

Whether it's retrieving a sweater from the back of the closet, picking up dropped medication, or safely grasping an item from the floor, a reacher helps preserve strength, reduce fall risk, and restore control over everyday tasks. And while small in size, its impact on confidence and autonomy is immeasurable.

At APA Medical, we extend more than equipment. We extend compassion, safety, and the power to live fully, reach freely, and age with grace.

AMPLIFIED PHONE (CORDED)

The Geemarc AmpliPOWER60 amplified big button corded telephone features incoming voice amplification up to 67dB (decibels) with a loud and clear speakerphone. A visual ringer, nine memory dial buttons and three emergency buttons make this phone simple to use. Amplification up to 67dB Boost overrideTone control. Message waiting indicator (with subscription from phone company). Adjustable 90dB ringer volume and tone. Last number redial. 2.5mm headset jack and jack for optional bed shaker (not included). Hearing aidcompatible and wall mountable.

HCPC: **CTX130**

KA-500

AMPLIFIED PHONE (CORDLESS)

The Clarity® D704™ combines hearing, vision and mobility solutions into one great value. Amplifies incoming sounds to 40dB or 20 times louder than standard phones. 4 customizable tone settings. Minimizes background noises and eliminates feedback and distortion. Easy to see high contrast numbers with backlit keypad. Contoured number keys with soft-touch material. Speakerphone in the handset. 100 name/number phonebook with 10 memory buttons. 20 last number redial memory. Hear-It-Ring Clarity ringer has 10 loud and clear melodies plus 6 levels of volume. Expandable up to 5 handsets. Large keypad and Caller ID display light up as a super bright visual ringer. Direct connection to assistive listening devices or headset with 2.5mm jack.

HCPC: **CTX131**

KA-500

PHONE – PHOTO

The P300 by Clarity, makes sounds louder, clearer and easier to understand for people with mild-to-moderate hearing loss, with 18 decibel sound amplificationand bright visual ring flasher. Nine programmable picture buttons and high contrast buttons make dialing easier for those with low vision. Illuminated emergency button. Extra large, high contrast buttons. 3.5mm neckloop jack. Hearing aid compatible.

HCPC: **T2029**

CTX129

PHONE BOOSTE

The HA40 telephone amplifier by Clarity amplifies incoming phone call volumes up to 100 times the normal volume (40 dB) for people with hearing loss to hear their callers better on the telephone. A special boost button maximizes amplification while blocking out feedback and background noise. Unit is compatible with most home and office telephones and is easily connected between handset and phone base. Will not work with Trimline telephones or phones with a dial pad in the handset. A great secondary or backup amplifier at home, work or while traveling. One year warranty. Uses 9V battery (included).

HCPC: **T2029**

CTX132

POCKET TALKER

The Pocketalker Ultra Personal Sound Amplifier amplifies sounds close to the listener while reducing background noise, making it ideal for use in noisy situations, TV listening, one-on-one communication, small groups or listening in a car. This duo system includes a single mini earbud and deluxe folding headphone. Achieve nearly 200 hours of typical usage; the red light on the top panel flashes when the battery is low. Separate tone and volume controls are located on the outside of the case for easy adjustments to your hearing needs. It features a lightweight, ergonomic design for portability and easy use. Finger tip adjustable volume control allows you to quickly adjust to your listening environment – whether your hearing loss is low frequency or high frequency sounds.

Q8X191	Ear Buds
Q8X192	Charger

CARBON MONOXIDE DETECTOR

The First Alert CO600 carbon monoxide alarm uses an electrochemical carbon monoxide sensor-the most accurate technology available. Installation is as simple as plugging it in to any wall outlet. The test/silence button both silences a non-threatening alarm and allows you to test the unit's functionality. The unit monitors and re-alarms if carbon monoxide levels persist sounding a loud 85-decibel horn. End-of-life timer; 7-year limited warranty.

HCPC: **T2029**

CTX151

CARBON MONOXIDE/SMOKE DETECTOR

Detects both smoke and carbon monoxide. Alarm and voice alert sounds when dangerous levels are reached. Voice alarm announces the hazard type detected thereby helping to speed up the correct reaction to the hazard detected. Alarm announces "Fire! Fire!" when a smoke or fire hazard is detected and announces "Warning Carbon Monoxide" when a CO hazard is detected. The unit warns of a low battery condition by announcing "low battery" and by initiating an alarm chirp and activating a flashing red LED. Operated by three AA batteries (included).

HCPC: **T2029**

CTX152

SMOKE DETECTOR

While all smoke alarms are designed to detect smoke, different sensing technologies react differently to certain types of fires. This alarm makes use of both ionization and photoelectric sensors to offer the earliest possible warning regardless of the type of fire. Sometimes a fire can smolder for hours before erupting into flames. Photoelectric Sensing Technology is more sensitive than Ionization Sensing Technology at detecting these sorts of smoldering fires, likethose caused by cigarettes burning in couches or bedding. Other fires erupt into flames quickly, like kitchen grease fires or fires fueled by paper burning in a wastebasket. Operates on 2 AA batteries (included). Emits a loud 85 dB alarm for ample warning.

HCPC: **T2029**

CTX153	23.5" (Metal)

NUTONE WIRELESS DOORBELL STROBE/CHIME

Never miss a visitor again! The NuTone 224WH Wireless Door Chime System flashes a bright strobe and plays a chime notification whenever anyone rings your doorbell. Incredibly easy wireless installation-place the battery-operated doorbell by your door and plug the strobe receiver in any room. Bright flashingstrobe notification. Range can vary from 20 to 125 feet depending on your home's construction (Wood and vinyl siding are ideal; metal or masonry decreases the range). Doorbell uses 1 3V lithium CR2032 battery (included). Add up to 3 strobe receivers to one doorbell (extra receivers sold separately). Add up to 3 doorbell transmitters to one strobe and program different chimes for different doors (extra transmitters sold separately).

HCPC: **T2029**

HC-WP180USL

TALKING WATCH

The Unisex One-Button Talking Watch looks like a regular watch, but features a standard clock face and one-button time announcement (this watch has no alarm feature). Chrome case with a white dial and 1-12 black numbers. Batteries included. Dial size: 1-3/8" Chrome expansion band. Nickel-Free.

BA-206	With handle

SIGNATURE STAMP

Self Inking Signature Stamp. Ordering a traditional rubber signature stamp has never been easier! To make sure we are able to give you the best impression possible be sure to sign 3 times on plain white paper and sign in your normal size. We also ask that you please sign using black ink and do NOT use Ball point or gel ink pens (Bic Flair pens are preferred). The more fine the signature, the harder it tends to be to work with.

HCPC: **T2029**

CTX134

CPAP CLEANER LUMIN

UV light will disinfect up to 99% of harmful bacteria, pathogens, and fungi that can cause infection and illness. UV light is also the safest disinfection option on the market, there is NO HARMFUL OZONE. Ozone has been shown by the EPA to irritate the lungs and respiratory system, making it extra harmful for people with respiratory illness.

HCPC: **T2029**

AM-106

HAND SANITIZER

Waging war on germs and bacteria, Germ War® is packaged for ease of use and travel mobility. With 62% Alcohol Base, this hand sanitizer helps defend against the common cold and flu while aloe is added to aid in moisture retention.

REACHER TELESCOPING (30" – 44")

30 inches to 44 inches, adjustable length pikstik pro reaching tool, retrieve or put away items safely without undue stretching, bending & straining, for anyone with limited mobility, arthritis or simply in need of a longer reach. 4 reachers in 1. Locking ring design makes length adjustment easy & secure. A strong aluminum shaft design works indoors & out and will not rust. Sturdy enough to lift 5 lb.

HCPC: **T2029**

KA-609

KNEE COMPRESSION STOCKING

The goal of compression therapy is to encourage fluid flow in your circulatory and lymphatic system. You will likely notice a squeezing sensation in your arms or legs when you use your compression garment. To get used to this, we recommend easing into your compression therapy. Start by wearing your stocking a few hours each day, until you're comfortable, and then wear them for longer periods of time.

HCPC: **A6530-A6535**

Other things to remember:

- Remember to check your stockings periodically to avoid wrinkles
- Remove your compression stockings before going to bed each night
- Don your compression stockings when you get up before swelling can start
- Wearing your compression garment each day is the most effective way to continue your therapy
- Failing to wear your compression stockings may result in your condition becoming more severe

ANKLE BRACE

Manufactured for FLA Orthopedics by Swede-O. Ideal for sports and to support weak or injured ankles. Made of lightweight, low profile nylon material for long lasting wear. Extra ankle stabilization with internal figure-eight straps that are preconfigured to ensure correct placement every time. Application is quick and easy. Comfortably fits in athletic shoes. Elastic back. Fits left or right.

HCPC: **L1902**

BH-7400	Men: 6-7 Shoe Size, Women: 7-9 Shoe Size
BH-7401	Men: 8-10 Shoe Size, Women: 10-11 Shoe Size
BH-7402	Men: 11-12 Shoe Size, Women: 12-13 Shoe Size
BH-7403	Men: 13-14 Shoe Size

ANKLE BRACE WITH AIR LINERS

This Ankle Brace provides medial and lateral support to stabilize the ankle joint for faster recovery and healing of tender soft tissues. Ideal brace for mild or moderate sprains, strains, or after cast removal. The liner is made of a tri-layer pneumatic air bladder that conforms to the ankle and pulsates while walking to provide a massaging effect. Standard height. Adjustable heel piece conforms to fit a range of sizes. Two adjustable swivel straps ensure proper strap placement each time brace is applied.

HCPC: **L4350**

BH-1700	Universal

CARPALMATE® WRIST SUPPORT

A lightweight wrist support designed to maintain the wrist in a neutral position while allowing full finger dexterity. The molded portion of the support prevents the wrist from dropping and prevents excess thumb and little finger opposition. Controlling these motions will prevent excess flexion of the wrist and finger flexor tendons, thus avoiding overuse. Overuse can cause tendon inflammation that puts pressure on the Median Nerve and is the cause of Carpal Tunnel Syndrome. Support is held in place by a wide elastic strap for comfortable compressive support at the wrist.

HCPC: **L3908**

BH-4020	Universal

WRIST SPLINT – 8"

Provides immobilization for weak or injured wrists. A universal, lightweight and breathable wrist brace featuring an easy to apply single-pull elastic closure system, pre-contoured and removable palmar stay, a medial/lateral stay and movable dorsal stay to maximize immobilization and customization. Indications: Wrist sprains, strains, Carpal Tunnel Syndrome, post- wrist and hand trauma and rehabilitation.

HCPC: **L0626**

BH-9001	Left - S-L
BH-9002	Right - S-L
BH-8001	Left - XLG
BH-8002	Right - XLG

THUMB SPICA

Anatomically designed to ensure a comfortable fit. Perspiration is absorbed by a self wicking lining and increased ventilation is provided by perforated blue foam. Ideal for arthritis, DeQuervain's Syndrome, tendinitis, and post thumb injuries. Closure straps are stretchable for ease of application and removal.

HCPC: **L3923**

BH-1710	Universal

THUMB SPLINT

Supports and limits the motion of the thumb joints. Also comfortably supports the wrist and prevents rotation. Ideal for DeQuervain's Tenosynovitis, tendinitis, arthritis and sports injuries. Made of a unique C3TM Tri-Laminate material making it cool and comfortable to wear. The supple C3TM material allows for changes in the amount of swelling. The anatomically conforming stay and closures help restrict movement and provide maximum support. Fits either left or right.

BH-1705	Universal

UNIVERSAL CRADLE ARM SLING

Traditional cradle arm sling in an adjustable universal design to fit most patients. Easy, fast and simple application with double D-rings and hook and loop closure. Comfort padding on shoulder strap. Navy poly/cotton material. Measure from elbow to base of little finger.

HCPC: **L3923**

BH-2900	Universal

HERNIA BELT

Provides gentle relief from reducible inguinal hernia. Removable foam compression pads give gentle, gradual pressure to help reduce inguinal hernias (single or double). Lightweight material with a plush elastic waistband and soft elastic perineal straps. Completely adjustable without the use of uncomfortable metal snaps or buckles; simple hook and loop closure allows adjustability to control how tight the belt fits. Hides well under clothing. Measure around hips.

HCPC: **L3923**

BH-1200	Small – (30-35" Hip Size)
BH-1201	Medium – (35-41" Hip Size)
BH-1202	Large – (41-46" Hip Size)

PULL-ON KNEE BRACE

Neoprene knee sleeve with durable steel hinged reinforcements allow for flexion limiting medial/lateral movement with a 180° hyperextension stop. Hinge is in neoprene covered pocket for added comfort. Brace includes a superior horseshoe for added patella stability. Two loop lock straps can be adjusted to give the most intimate and comfortable fit while helping prevent brace migration. Sports neoprene with nylon terry liner has a soft, seamless feel against the skin. Open patella and easy slip on style Measure around leg 4" above center of kneecap.

HCPC: **L1812**

BH-6300	Small – (14-15" Measurement)
BH-6301	Medium – (16-17" Measurement)
BH-6302	Large – (18-19" Measurement)
BH-6303	XL – (20-21" Measurement)
BH-6304	XXL – (22-23" Measurement)
BH-6305	XXXL – (24-25" Measurement

WRAP AROUND KNEE BRACE

Wraparound design is ideal for tender, swollen or injured knees with a quick, easy application. Made of sports neoprene for therapeutic warmth with a soft, long loop lining for comfortable wear. Metal medial/lateral hinges in neoprene covered pockets allow for full flexion and provide stabilization and prevent hyperextension. An open popliteal eliminates bunching and irritation behind the knee. Adjustable support straps. Measure around leg 4" above center of kneecap.

HCPC: **L1812**

BH-6000	Small – (14-15" Measurement)
BH-6001	Medium – (16-17" Measurement)
BH-6002	Large – (18-19" Measurement
BH-6003	XL – (20-21" Measurement)
BH-6004	XXL – (22-23" Measurement)

LUMBAR SUPPORT

The OTC 2880 Comfort Pull Lumbosacral Support is very low profile – with an eight inch deep back panel – so it can be worn undetected under clothing. It has a completely non-elastic construction for optimum support. Quite simply, it works when elastic models do not. The key feature of this support is its rigid back panel with a simultaneous roller-pulling tightening apparatus and drawstring pulls that provides symmetrical compressive support for the entire lower back. The wearer can independently adjust the top and bottom of the brace to provide localized compression where it is needed for maximum pain relief. Measure around the widest part of the hips.

HCPC: **L0642**

BH-2000	Small 28" – 34" (71.1 – 86.4 cm)
BH-2001	Medium 34" – 40" (86.4 – 101.6 cm)
BH-2002	Large 40" – 46" (101.6 – 116.8 cm)
BH-2003	X-Large 46" – 52" (116.8 – 132.1 cm)
BH-2004	2X-Large 52" – 58" (132.1 – 147.3 cm)

LUMBAR SUPPORT – OTC

The OTC 2894 TruTek lumbosacral orthosis effectively stabilizes the ligaments, tendons and muscles of the lower back, providing relief from pain and discomfort. Rigid anterior and posterior panels provide additional support to the abdomen and relieve pressure over the entire lower back to the level of the T-9 vertebra. Varying degrees of additional support can be obtained by adjusting the bilateral support pulls. Made from high quality nylon and cotton blend materials.

HCPC: **L0648**

BH-2200	Small – (29"-33" Hip)
BH-2203	XL – (45"-49" Hip)

CERVICAL COLLAR

Unique collar design with an extended hook and loop closure adjusts to ensure a proper fit for neck sizes 13" to 19". Polyurethane foam is covered with a soft beige stockinette. Traditional low contour design maintains the head in a neutral position. High contour design has a straight configuration, which is ideal for slight hyperextension.

HCPC: **L0648**

Restoring Movement, Rebuilding Confidence: The Critical Need for Orthotics & Prosthetics at Home

At APA Medical, we believe that every corner of the home should support healing, dignity, and independence—and the kitchen is no exception. For the elderly and the infirmed, everyday tasks like opening jars, handling sharp tools, or safely preparing meals can become overwhelming or even dangerous without the right support.

That's why appropriate kitchen supplies are more than just helpful tools—they are essential medical necessities. From easy-grip utensils and ergonomic cookware to safety-opening devices and adaptive cutting boards, these items restore function, reduce injury risk, and enable individuals to continue engaging in the deeply personal act of preparing food for themselves and others.

As a dedicated health partner, APA Medical delivers these solutions with empathy, listening to each person's unique needs, and with diligence, ensuring every product meets the highest standards of safety, usability, and care.

Because thriving at home doesn't just mean having the right equipment—it means having the right tools to live with confidence, purpose, and joy.

BACK PILLOW

Transforms an ordinary chair by providing ergonomic comfort and back support. Ideal for those who spend extended periods sitting. Subtle contour promotes proper posture while offering support and minimizing back pain. Attached strap helps keep cushion securely in place. Great for home, office and travel— even in the car. Cushion automatically expands to full size when removed from packaging. Comfortable and durable foam construction. Removable, machinewashable cover.

HCPC: **T2029**

AP-300

BACK PILLOW

Staying seated for extended periods of time at the office, at home, or on the road can lead to serious back pain. Sitting too long can be detrimental to your spinal health, distorting spinal curves, compressing discs, and creating pressure on the spine. All of this can lead to pinched nerves, numbness, tingling, and back pain. Help protect and maintain proper posture by using the Lobak Rest or Hibak Rest™ lumbar support cushion. Designed with ergonomics in mind, its contoured foam profile supports the lower back while the flat bottom provides tailbone (coccyx) support and product stability. The precision cut foam is highly resilient to withstand years of use.

HCPC: **T2029**

AP-302	Low Back
AP-303	High Back

CAST PROTECTOR

Half Lumbar Roll designed to provide proper lumbar curvature while sitting or driving. Full Lumbar Roll used for laying down or sitting. Attached strap holds the rolls in place. Removable, washable navy cover.

HEATING PAD MOIST MED

Convenient, controlled, moist heat for treatment of back, shoulder or hip pain. Produces moisture automatically, without adding water. Includes a special flannel cover that retains moisture for deep tissue therapy. Hand-held switch for customized temperature control.

HCPC: **T2029**

PL-651

HEATING PAD MOIST STD 14˜ X 27˜

Moist heat therapy is more effective than dry heat because moisture transmits heat more efficiently than air. Cord length 6 feet. 180F maximum temperature. Recommended application time is 15 – 20 minutes at a time. Fleece blend flannel cover is included.

HCPC: **T2029**

PL-650

HEATING PAD MOIST NECK 7˜ X 15˜

The easy to use hand control features four heat settings and four time settings. Moist heat therapy is more effective than dry heat because moisture transmits heat more efficiently than air. The therma moist heating pad has an outer flannel cover that draws the airs humidity and retains it, as the heating pad warms, the moisture is released into the flannel cover and onto the treated area. The positioning strap with velcro-type closure ensures a secure, proper fit for maximum treatment.

HCPC: **T2029**

PL-652

HOT & COLD THERAPY PACKS

Soft Comfort CorPaks™ Hot or Cold Therapy Packs are the perfect solution to help relieve headaches, ease pain, and help reduce inflammation associated with strains, sprains, and other soft tissue injuries. Conveniently store packs in the freezer for cold therapy the moment you need it! These packs stay soft and flexible, comfortably contouring to painful areas. Use cold to help reduce inflammation; warm packs in the microwave to aid muscle relaxation and to promote healing. The pack's exterior is made of a proprietary blend of synthetic fibers and organic plant materials. The soft, frost free pack is gentle on skin and does not need to be wrapped in a towel. For cold therapy, place pack in freezer for a minimum of 1 hour prior to use. For heat therapy, simply heat the pack in a microwave according to the heating instructions printed on the pack. The pack will maintain therapeutic temperature for 20 minutes. Reusable. Latex free.

Rehabilitation at Home: Restoring Strength, Rebuilding Lives

At APA Medical, we know that recovery doesn't stop at the hospital doors. For the elderly and medically fragile, rehabilitation at home is not a luxury—it's a necessity. Whether it's regaining mobility after surgery, restoring strength after illness, or learning to navigate daily life after a life-changing diagnosis, home-based rehabilitation is a critical step toward lasting independence.

That's why we deliver more than equipment—we deliver trusted support tailored to the unique needs of each individual. From mobility trainers and therapy tools to specialized seating, resistance aids, and guided support systems, our rehabilitation solutions are designed to empower patients in the environment where healing matters most: home.

GL-104N

Stability. Safety. Self-Respect: Why Bath Benches Are Essential in Every Caring Home

At APA Medical, we believe that dignity begins in the details. For the elderly and those facing illness or mobility challenges, the bathroom can quickly become one of the most dangerous places in the home. Slippery floors, unstable footing, and fatigue during bathing turn routine hygiene into a source of anxiety and risk.

That's why bath benches are not optional—they are medical necessities. These sturdy, thoughtfully designed supports offer a secure, stable place to sit while showering, easing the strain on joints, reducing the risk of falls, and empowering individuals to maintain their personal hygiene with confidence and comfort.

As a dedicated health partner, APA Medical provides more than just top-quality equipment—we bring empathy to every conversation and diligence to every equipment. Each bath bench we deliver is a quiet guardian of safety and self-sufficiency—helping patients feel more at home in their own bodies, and more secure in their own spaces.

Because thriving at home means living without fear of falling. And with APA Medical, peace of mind is always within reach.

The Aluminum Shower Commode Wheelchair is perfect for people who need a commode but also want the convenience of a wheelchair for easy transportation and mobility. The rear wheels allow the user to propel themselves while seated. The seat cut-out provides comfort and allows the chair to be positioned over a standard toilet for use, but also comes with a bucket to be used anywhere it is required. The aluminum frame of the Shower Commode Chair is an attractive white color and is also resistant to rust which makes it ideal for the shower. Footrests come standard and include adjustable height and angle footplates. The Aluminum Shower Commode Chair is ideal for anyone who is looking for a shower chair and commode for their home. Weight capacity 275 lbs.

2-FUNCTION SHOWER WAND (HAND HELD)

We love the Hand Held Shower Sets because they feature an on/off switch, a wall mounting holder, and an extra long 84" reinforced hose, allowing you to shower while seated. The Suction Cup Showerhead Holder keeps you in reach and in control of your water and showering. It allows for the showerhead to be in easy reach when seated or bathing children. The suction cup can be quickly relocated as often as you like.

DRIVE BELAVITA – TUB LIFT

The Bellavita is the lightest bath lift on the market weighing only 20.5 pounds. This Bath Lifter by Drive Medical was designed with the assistance of healthcare professionals. It is excellent for standard or deeper model bath tubs. At a minimum sitting position of 2.3", it is the lowest bath lift on the market. The comfortable padded backrest can recline up to 50 degrees at the seat's lowest position – Another market best. The water-tight hand control floats in water, making it easy to access the control buttons while bathing. Two-piece construction makes this lift easy to assemble and disassemble for transport, and tool-free setup ensures simple installation and operation. The back folds for space-saving storage. Washable hygienic covers are available in white, blue or grey, and hygienic cutaway and slim line profile make handling a cinch. This product comes standard with four quickrelease suction cups providing an anti-slip base for added safety and security. In addition to all the special features, the lift includes several additional options for your convenience. An option for two additional suction cups offers the potential for even further security and headrest for additional comfort.

Safety, Dignity, and the Right to Feel Clean

At APA Medical, we're more than a provider—we're your health partner. And we know that for the elderly and medically fragile, something as simple as bathing can become a daunting, even dangerous task. That's why bathing aids are not just helpful—they are essential.

From shower chairs and transfer benches to grab bars and no-slip supports, these tools protect against life-threatening falls while preserving something equally vital: dignity. Bathing isn't just hygiene—it's healing, comfort, and a deeply personal part of everyday life. When someone loses the ability to bathe safely on their own, the impact is physical, emotional, and deeply human.

That's why APA Medical approaches every home bathing solution with empathy, understanding the fear that can come with vulnerability. And with diligence, ensuring each product is carefully chosen, installed, and supported for lasting safety.

Because helping someone feel clean, safe, and self-reliant isn't a luxury—it's a responsibility. And it's one we embrace with every delivery, every call, every visit.

BATH TUB GRAB BAR

Tub Grab Bar has a step-through clamp design that provides unobstructed entry/exit path for better hand positioning. Tool-free installation has stainless steel components with rubber-lined pads that won't mar tub surface. Adjust to fit tubs 2.75"- 6.25" (7-16 cm). Dimensions: 14" X 11". Weight capacity: 250 lbs.

HCPC: **T2029**

GB-115

BATH TUB GRAB BAR

SAFETY POLE (HEALTHCRAFT)

When it comes to innovative and adaptable home safety products that can be used anywhere in the house, the SuperPole is the industry leader. The SuperPole is a safety pole that can be easily installed between any floor and ceiling by simply turning a jackscrew. The pressure created by the jackscrew is strong enough to support you, yet it does not require drilling holes into the floor or ceiling. This is ideal for relocating or removing the pole. Also, it features a grip that provides comfort and an improved surface to grab onto. All this functionality is contained in a clean, modern design that blends into any room. Floor to ceiling range 93"-99". Pole diameter 1.5". Material alloy steel.

HCPC: **T2029**

61X910

SMARTCAREGIVER PERSONAL ALARM W/ MAGNET STRING CLIP

It lasts! The virtually indestructible protective cover won't tear and will stop the monitor from breaking when dropped. Designed because many facilities still like the simplicity of a pull-string but hate having to replace them all the time. The integrated, locking mounting strap easily and securely mounts to chair backs.

HCPC: **T2029**

61X501

SMARTCAREGIVER PERSONAL PAGING SYSTEM

This is a Stand Alone Personal Paging System and includes two Call Buttons and one Caregiver Pager. When pressed, the Nurse Call Buttons send a wireless signal to the pager, alerting the caregiver that assistance is required. This simple, streamlined system allows you to eliminate in-room alarm noise and with a range of up to 300 ft., caregivers have the freedom they need. The call buttons can be worn about the neck using the provided lanyard strap or wallmounted using the provided plastic cradle for easy access.

Preventing the Fall, Preserving the Future: Why Fall Management Is Essential

Falls are the leading cause of injury-related hospitalizations among seniors, and many occur right at home. From uneven flooring and low lighting to unsteady transfers in and out of beds or bathrooms, the threats are real—but so are the solutions. APA Medical offers a wide range of fall management tools, including bed and chair alarms, fall mats, grab bars, gait belts, and mobility aids—all tailored to the unique needs of each individual.

As a dedicated health partner, we approach fall prevention with empathy, understanding the emotional toll that fear of falling can take. And we bring diligence to every recommendation—ensuring each home is equipped with proactive, practical safety measures that support confidence and security in everyday movement. Because preventing a fall doesn't just protect the body—it preserves independence, uplifts morale, and protects the right to live safely at home. And at APA Medical, we're here to help every step stay steady.

ADJUSTABLE BLANKET SUPPORT

Tubular frame base keeps blanket off the feet to help prevent foot cramping. Protects sensitive skin areas. Inserts between the box spring and the mattress. Rests on top of the mattress when not in use. Height adjusts up to 19". Frame is 20" x 6".

HCPC: **T2029**

KA-830

BLANKET SUPPORT

Posey Bed Cradles help keep sheets and blankets off the patient's feet. The sturdy steel frame securely clamps to the mattress and can be easily removed when changing bed sheets. Four piece stainless steel construction enables compact storage when not in use. Fits standard hospital or nursing home beds. Optional cotton foot drop support cover secures with strap and is machine washable.

HCPC: **T2029**

KA-6435

BED SHAKER ALARM (SONIC BOOM)

The Sonic Boom alarm clock from Sonic Alert offers you 3 different options for waking up: by light, bed shaker, or an adjustable buzzer. Ideal for even the heaviest of sleepers. The Sonic Alert clock has a built-in outlet for plugging in a lamp and an auxiliary jack for a bed shaker (included). The lamp can be used for both reading and flashing. Includes bed shaker, battery back-up (battery not included).

HCPC: **T2029**

KK-200

BED WEDGE-FOAM

This slanted foam bed wedge is ideal for head, foot or leg elevation. Use it at the head of the bed to help relieve the symptoms of acid reflux, respiratory problems or neck and shoulder pain. Also use at the foot of the bed to help relieve knee, leg or back pain. On top of all that it's also perfect for propping yourself up in bed while reading or watching TV! This highly functional Wedge Pillow will help ease aches and pains and make sitting in your bed comfortable and supportive.

HCPC: **T2029**

BR-200	7" x 24" x 24"
BR-201	10" x 24" x 24"
BR-202	12" x 24" x 24"

BED WEDGE-FOAM LEG/FOOT

If you suffer from back pain, knee pain, varicose veins, phlebitis or restless legs, this cushion could help you achieve a more comfortable night's rest. Keeping your legs elevated at night can help to take pressure off your lower back, legs and knees. This supportive foam pillow will help elevate your legs at the proper angle so you won't have to resort to using pillows not designed for this purpose. Set the cushion at the foot of the bed and rest your legs on it. The bed wedge includes a removable blue poly/cotton cover that is machine washable.

Helps patient safely change position in bed and transfer from bed to other equipment with minimal assistance. Rubber bumper guards protect walls. Handbar location fully adjustable. Comes with floor stand. 14mm wrench required for assembly.

HCPC: **T2029**

A5X116	450 lbs
A5X115	600 lbs

HOSPITAL GOWN ONE SIZE

Designed for easy dressing and undressing with side ties. Comfortable, large raglan sleeves allow movement of arms and help prevent fabric from gathering. Diamond Print. Constructed of durable polyester/cotton blend fabric. Machine washable. One size fits most adults.

HCPC: **E0912**

KA-818

BED RAIL (M STYLE)

Designed to provide support when getting into and out of bed and when moving from a lying position to a sitting position. M shape allows for multiple hand positions to accomodate any user. Multiple crossbars creates easy grip for any height use. Easy, quick assembly. Safety strap wraps around mattress or box spring to ensure a secure fit. Special extra-long safety strap enables user to be in a single, twin, double, queen or king size bed. Made of powder coated steel for long life and easy cleaning. Includes accessory pouch for storing remote controls, glasses, magazines and more.

HCPC: **T2029**

PL-911

MoveEasy BED RAIL

Helps you to: sit up and reposition yourself in bed; balance to sit down onto the bed; balance to get out of bed: stand up beside the bed and to transfer. Fits all bed widths; single to king, and adjusts for all mattress heights. Suitable for all beds with a box spring. May be used on certain institutional style beds, and other types of beds. Weight capacity: 400 Pounds (NOT Intended to Support the Full Weight of the User)

HCPC: **T2029**

PL-918

BED RAIL BED CANE

The Bed Cane is one of our Best Sellers because it makes getting in-and-out of bed... Easy! It's great for those who don't need full-fall protection – but might need extra support in getting in-and-out of bed. It comes with an organizer pouch to keep handy items close by and easily folds down for travel.

HCPC: **T2029**

PL-940

BED RAIL STANDER (EZ ADJUST)

The EZ Adjust Bed Rail functions as both a bed rail and bed handle. Its design makes it an excellent choice that blends with the comfortable feeling of your home. It holds its claim as one of the most versatile bed rails on the market thanks to its patented design that allows the rail to extend in length and pivot downward after being installed. Fits most regular and adjustable beds.

HCPC: **T2029**

PL-920

BED RAIL TWIN – QUEEN SIZE

Fits Home Style Bed. Steel Bed Rails provide safety while sleeping. Cross brace adjusts from 26" and 46". Can be raised up to 19" or lowered easily. 1" diameter tubing is coated with chip-resistant baked enamel. Cross bars made to fit between box springs and mattress.

HCPC: **T2029**

A5X225

BED RAILS FOR HOSPITAL BED (QUARTER RAIL)

The Quarter Rail, approximately 18 inches in length when mounted on the Patriot bed, can be used as a head assist, head rail, or foot rail. This rail provides minimal rail coverage and gives assistance when entering or exiting the bed. The Quarter Rails non-telescoping inner and outer tubes overlap in conjunction with the Patriot mounting system, resulting in a very sturdy rail. Designed to offer added protection.

HCPC: **T2029**

A5X221

HALO BED RAILS

The Halo Safety Ring, the only patented institutional bed mobility device that prevents lateral mattress movement, and gap space in the most critical zones: 1, 2, 3, & 4. The Halo Safety Ring meets and exceeds the HBSW and FDA's final dimensional guidelines against bed entrapment. The Halo Safety Ring passes the new "Bed System Measurement Device" pass/fail test that has been approved for Bed System testing by the FDA and state surveying teams. For home bed & hospital bed. Home beds MUST have an angle bed frame. This item will NOT work on Craftmatic, or adjustable beds.

HCPC: **T2029**

PL-805	Hospital Bed Single
PL-815	Hospital Bed Pair
PL-811	Home Bed Single
PL-810	Home Bed Pair

ASSIST-A-TRAY

The Assist-A-Tray boasts a standing handle that can be used with both hands and provides balance and support for up to 250 lbs when sitting or standing. The multi-use bamboo tray table swivels 360 degrees and can be used as a TV dinner tray or to the side as a couch-side table. The built-in cup holder and side utensil tray compartment provide convenient storage. Install the sofa desk underneath the feet of most four-legged lit chairs, recliners, couches, or sofas.

HCPC: **T2029**

A5X219

LIFT CHAIR TABLE

The EZ Table comes with a sturdy bottom plate that easily slides under the chair base and uses the weight of the chair to secure the table in place. The EZ Table is designed to work with most standard lift chairs and recliners. It works as a convenient height-adjustable table that swivels in front of the chair when the user wants it and then easily swivels to the side to function as a side table when not in use.

HCPC: **T2029**

O6X255	**Right**
O6X256	**Left**

OVERBED TABLE SIDE ANGLE

Herdegen “Walnut Difusion” Over Bed Table. The Great Little Table (GLT) is functional and strong due to its “U” shaped base and clever, tilting mechanism. Ideal for use while lying in bed or sitting in a chair. The attractive table top is constructed of laminated plastic in a burr walnut finish. Table that tilts for sitting in chair. Able to get close to patient.

HCPC: **T2029**

O6X599

OVERBED TABLE, NON-TILT

Easy to assemble. Height adjusts infinitely between 28" and 44". Twin-wheel swivel casters provide smooth-rolling action. Two locking and two non-locking casters. Walnut, wood-grain laminated 3/4" particle-board core with plastic edge molding. Chrome plated “H” base and column for aesthetics and durability.

HCPC: **T2029**

O6X200

HOSPITAL BED FULL-ELECTRIC

The Delta 1000 is truly universal because the bed frame can be used with Drive's and most other manufacturers' bed ends, old and new. The transition box mounted on the foot section is key to interchangeability. Bed, side rails and mattress safety-tested by SGS, a nationally recognized testing facility Satisfies all applicable FDA entrapment guidelines. In the event of a power failure, a 9 volt battery, located in the hand control, can lower the head and foot sections nine times. No crank needed. New and improved hand pendant has large, easy-touse controls. Extension kit available (model #15030EXTKIT) extends length from 80" to 84". Weight capacity 450 lbs.

Lifting with Care: The Critical Role of Patient Room Lifts in Home Health

At APA Medical, we know that thriving at home isn't just about being present—it's about being safe, supported, and treated with dignity in every movement, every moment. For elderly individuals and those facing illness, injury, or mobility loss, patient lifts in the home are not optional—they are lifesaving necessities.

Whether transferring from bed to chair, navigating personal care routines, or repositioning for comfort, a patient room lift protects not only the individual but also the caregiver—minimizing strain, preventing injury, and maintaining the essential bond of trust between patient and support partner.

As a dedicated health partner, APA Medical provides a full range of high-quality lift systems—manual, powered, ceiling-mounted, and portable—paired with empathy-driven service and meticulous diligence. We assess each home, understand the personal and physical needs involved, and deliver the right lift solutions that promote safety, restore freedom of movement, and honor the individual's sense of independence

PATIENT LIFT INVACARE (POWER)

This all-encompassing battery-powered lift system lowers costs and helps to protect both caregivers and users from injury. The sturdy lift supports up to 450 lb., making potentially challenging transfers smooth. Includes in-service training and videos. Manual lowering safety feature for instant response in event of power loss. Padded swivel bar with 360-degree rotation for added comfort and convenience. Low battery audible alarm signals when charge is needed. Wall-mounted charger holds second battery (included) for easy, nearby replacement. 150-300 Lifts per charge.

HCPC: **T2029**

Restoring Dignity, One Step at a Time: The Vital Need for Patient Room Commodes

At APA Medical, we understand that for elderly individuals and those facing serious health challenges, something as fundamental as toileting can become one of the greatest physical and emotional struggles. Painful movements, limited mobility, or cognitive impairment can make it unsafe—or impossible—to reach the bathroom in time. That's why patient room commodes are not just helpful tools—they are essential medical equipment.

With easy accessibility, supportive design, and portability, commodes provide a safe, private, and dignified solution for patients and caregivers alike. They reduce the risk of dangerous late-night falls, alleviate strain on caregivers, and support the independence that so many individuals long to maintain in their own homes.

As your dedicated health partner, APA Medical provides top-quality commodes, tailored recommendations, and compassionate service that reflect our deep empathy for each patient's needs and our unwavering diligence in making the home a safer place.

Because thriving at home begins with preserving comfort, dignity, and confidence—even in life's most personal moments. And with APA Medical, that support is always close by.

ABOUT US

For over 50 years, we've been the team that healthcare professionals and families call when they need medical equipment delivered right, on time, and with real support. We handle the complexities so you can focus on what matters most — caring for people.

OUR MISSION: We simplify the DME experience. We navigate complexities and deliver the service, answers, and equipment people need to move forward.

OUR VISION: To be the most trusted name in medical equipment. We make healthcare easier through steady service, honest communication, and real human connection.

OUR VALUES:

- **Proactive spirit:** We anticipate needs and deliver solutions that make every experience smoother and simpler.
- **Genuine care:** We bring people-first service to every interaction. We listen, show up, and treat others the way we'd want to be treated.
- **Stubborn diligence:** We don't stop until it's solved. We dig into the details, push through red tape, and do what it takes to make things work.
