INCONTINENCE

Incontinence becomes an unfortunate fact of life for many individuals. At APA Medical we offer a wide variety of incontinence supplies to help make everyday living more comfortable and stress free. We also offer a personal and discreet home delivery service, as we understand the sensitive nature of having to use incontinence products. Call and ask us about our **monthly re-order program!**

- **ADULT WIPES:** Incontinence is simply a reality for many—adult wipes offer comfortable and sanitary clean up.
- **BLADDER PADS:** APA Medical offers a variety of bladder and booster pads. Our large array of bladder pads are designed to make life with incontinence more comfortable and manageable.
- **CHUCKS:** Disposable bed pads with extra-heavy absorbent polymer and odor-controlling agent that provide maximum incontinence protection and neutralize odors.
- **HYGIENE & APPLICANTS:** A variety of hygiene creams and applicants to make living more comfortable and sanitary for those who suffer from incontinence issues

- **EXAM GLOVES:** We offer multiple-use exam gloves for a variety of bathroom and hygiene issues.
- **PULL-UP UNDERWEAR:** Incontinence issues can be uncomfortable and inconvenient for many. We offer pull-up underwear in three varieties: men, women and unisex.
- **TABBED BRIEFS:** We offer tabbed briefs for those with incontinence issues. These disposable tabbed briefs offer heavy absorbency and skin-smart fabric made with aloe and chamomile for skin wellness.

Call 612-722-9000 for FREE SAMPLES!

Many of APA's incontinence products are provided at no cost to eligible Medicaid recipients. Depending on your needs and eligibility, you may be able to receive pull-up underwear, adult diapers, bladder-control pads, booster pads, liners, male guards and chucks through your insurance. An APA Medical representative will work with you to verify your current eligibility.

Call APA Medical today at 612-722-9000 to have one of our representatives help you figure out your benefits and choose the products that are right for you.

MULTI-POSITIONING POWER ASSIST CHAIRS

LARGEST LIFT CHAIR SUPPLIER IN THE AREA

Our lift chairs aren't just for those who need assistance when standing, a large portion of our customers are people who simply want to increase their all-around comfort and quality of life. With over 30 customizable chairs to choose from, you're sure to find the chair that best suits your relaxation and wellness needs.

Featuring

Not Just for Grandma Anymore!

Power assist chairs provide the ultimate in comfort and relaxation; you don't need to have a medical condition to enjoy their benefits. Anyone who has an active lifestyle at all, or who has suffered from minor aches and pains over the years will enjoy the comfort provided by power operated lift chairs. Don't buy your power assist chair from a furniture store, come to APA Medical—we're the experts and we'll outfit you with the best chair for your particular needs. APA is a full-line provider of multi-positioning, power-operated chairs in many models, fabrics and colors to suit your needs and home décor. With comfort options like power headrest, AutoDrive, Heat & Massage, why would you consider anything else for the chair you spend so much of your down time in?

DON'T BLINK—the Pricing is Correct

You won't find better bargains than at APA Medical—no one has better prices than us. Our buying power allows us to offer the best pricing you can find. The internet? Forget it—we beat that pricing hands down. Don't believe us? Go ahead and look for yourself, but we promise you we have the best pricing you'll find anywhere!

RAMP INSTALLATION

ACCESSABILITY RAMPS & INSTALLATION SERVICES

18+ Years of Experience

With two decades of experience and hundreds of ramps installed and serviced, APA Medical are experts at configuring, quoting and installing the perfect ramp for every living environment. We customize our ramps to fit your individual needs and fit them based on the layout of where you live. We understand that every living environment is different and no “cookie cutter” ramp will work in each situation. You can rely on APA to optimize the accessibility to your home.

Purchase or Rental Options

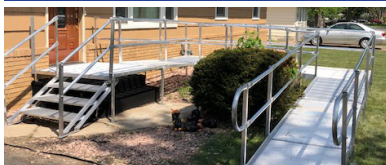

Our ramps can be purchased to serve your home accessibility needs for years to come. At APA, we're empathetic to the fact that you may not know how long you'll need a ramp. Injuries and the aging process are unpredictable and vary from case to case. If you only need an accessibility ramp for a short time—no problem, our ramps can be rented for short or long-term use. Your first month rental can be applied to your purchase if you determine that the ramp will be needed more long term.

Economical

At APA Medical we pride ourselves on offering the best products at the best prices. With ramp options available in aluminum, steel, and wood, we can meet your accessibility needs while fitting your budget. We accept most major credit cards. We also accept Care Credit, for those who would like to finance their purchase.

Call **612-722-9000** for a **FREE** home estimate.

GRAB BAR & HANDRAIL INSTALLATION

HANDICAP GRAB BARS & INTERIOR/EXTERIOR HANDRAILS

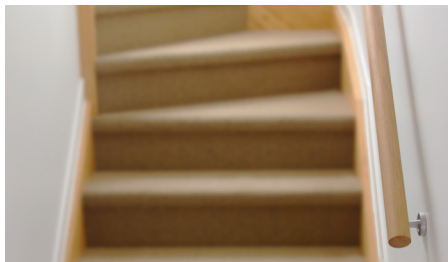

Let APA make your home a safe place to live in. Individuals with strength and mobility issues need safety bars throughout the home and we are experts in home installation of grab bars at affordable prices. Whether you need bars for your bathroom area, safety railings for your garage or front stairs, or bars and railings in other areas of your home, we can provide you with the safety and confidence you're looking for. We have been installing grab bars and stair railings for two decades in our customer's homes, so we understand which areas of the home make you vulnerable and where bars and railings will make you feel safe.

FREE ESTIMATES with a Simple Phone Call

Grab Bars: Prices for many of our grab bars and handrails can be quoted over the phone. If you need grab bars, we can quote a price if you let us know how many and what material (tile, fiberglass, wall board, or other) that the bars will be installed into.

Handrails: Most handrail prices can be quoted over the phone after you answer a few simple questions. We install both interior and exterior handrailings.

FAST SERVICE with BEST PRICING

APA is one of the largest installers of grab bars in the Upper Midwest because we offer the best pricing and the best service. APA is the preferred installer for many healthcare groups such as Medica, Ucare, Health Partners and Blue Cross MSHO programs as well as County Waiver programs, with nearly 1,000 bars installed annually.

APA is fully accredited by the BOC and insured.

Board of Certification/Accreditation International: 877-776-2200.

APA has been in business since 1970 and proudly located in South Minneapolis.

Bariatric Four-Wheel Rollator

WAX300 – Junior (Red)

WAX302 – Adult (Black)

The Lumex Walkabout Four-Wheel Imperial (Bariatric) is ideal for larger individuals. Similar to the Walkabout Lite, this rollator offers a comfortable, lightweight and affordable solution to mobility. Designed with an aluminum frame, this lightweight rollator weighs 20 lbs and supports a maximum weight capacity of 450 lb - EVENLY DISTRIBUTED. The Walkabout folds quickly and easily into a compact unit for storage and transport.

HCPCS codes: E0149 and E0156

Rollator - 4 Wheel with adjust seat height

WAX505 – Standard (Blue)

WAX515 – Wide (Blue)

Height Adjustable Rollator offers the convenience and flexibility of a two-in-one product all rolled into one. Designed with multiple height settings on the frame, the Set n' Go allows the seat height to be adjusted from a hemi 18" to a standard 22" height in 1" increments. This accommodates for a broad range of user heights which in turn offers more comfort for the user when seated. Comfortable, wide, seamless padded seat with zippered pouch under seat for security of personal items. E0143 and E0156

Transfer Belt "Gait Belt"

W3X100 – 48"

W3X101 – 54"

Comforter Wide Series

PR-501

PR-502

Golden Technologies recognizes that one size *does not* fit all. We've expanded our classic Comforter Series, with wider seating areas and greater lifting capacities — 375, 500 and 700 lbs. — the highest in the marketplace. Most of the five lift/recliners in this series use two heavy-duty motors for strength and support, without sacrificing the plush style you expect. Code: E0627 & T2029

MOBILITY Modular Ramps & Patient Transfer

Modular Ramps Offer Safety In and Around Your Home.

Modular Ramp Systems by National Ramp

National Ramp's modular ramp systems feature the safest walking surface in the industry and are an affordable choice for accessibility solutions. Our modular ramp systems can be installed in a few hours, bringing freedom to your door step immediately. They can be purchased or rented and are an economical yet enduring solution. Custom configurations are available, with a lifetime warranty on aluminum ramps and a three-year warranty on steel ramps. National Ramps feature incremental leg adjustments and a clean, modern appearance that can complement the look of your home.

Code: S5165

Call for a FREE home estimate

National Ramp has a solution for every need, budget and taste!

- WOOD
- ALUMINUM
- STEEL

APA is a Preferred Partner of National Ramps. We have been trained to earn this qualification.

You can rest assured that APA has many years of experience in this field and have the knowledge to provide you with the best ramp solution.

Modular ramps can be configured to meet any need. With a variety of materials such as wood, steel and aluminum, there is a ramp for all price ranges. Unlike traditional wood ramps, the modular ramps are not considered a "home modification" and are not subject to local codes and do not require a permit. Modular ramps offer the added benefit of being able to be moved from one location to another, if necessary.

*****We also carry portable ramps for purchase and rental.*****

Superbar Safety Pole With Horizontal Bar

GBX752

GBX753 – 1.5" Extension

GBX757 – Horizontal bar

With the simple addition of the SuperBar, the SuperPole transforms into an even more versatile product with both horizontal and vertical support. Additionally, with eight locking positions around the SuperPole (one every 45 degrees), you can stay closer to your support as you move. Push, pull or lean on the horizontal SuperBar, it offers support that is tailored to your needs.

Code: T2029

Bar Length: 16"

Bar Diameter: 1.5"

Bar Height on Pole: 24" to 38" from floor

Bar Locking Positions: 8 (every 45°)

Material: Alloy steel

Finish: Anti-microbial white powder coat

Weight Capacity: 300lbs (standard)

Install: Yourself

(GBX757 shown in picture below)

Superpole Safety Pole - Gray Grip

GBX749 – Standard

GBX755 – Heavy Duty

When it comes to innovative and adaptable home safety products that can be used anywhere in the house, the SuperPole is the industry leader. The SuperPole is a safety pole that can be easily installed between any floor and ceiling by simply turning a jackscrew. The pressure created by the jackscrew is strong enough to support you, yet it does not require drilling holes into the floor or ceiling. This is ideal for relocating or removing the pole. Also, it features a grip that provides comfort and an improved surface to grab onto. All this functionality is contained in a clean, modern design that blends into any room.

Code: T2029

Floor to Ceiling Range: 93"-99"

Pole Diameter: 1.5"

Material: Alloy steel

Finish: Anti-microbial white powder coat

Weight Capacity: 300lbs (Standard)

Weight Capacity: 450lbs (Heavy Duty)

Stair Lift

300 lb weight capacity. Continuous charge strips along the entire rail, mean the unit will be charged wherever it stops on the staircase. Direct drive motor/gear box - no belts for reduced maintenance. Two 12-volt batteries - continuously powered from any household outlet - provide dependable performance, even during outages.

A vertical, anodized rail that installs to within 5 inches (127 mm) from the wall, and arms, seat and footrest that flip up, create plenty of space for family or guests to walk up and down the stairs. Generous seat size with multiple seat heights. A stair lift that can be installed on either side of the stairway. An elegant covered track gives you a clean and attractive rail. The standard swivel seat makes it easy to exit when you reach the top of the stairs. Code: S5165

VEHICLE, STAIR & PATIENT LIFTS

Invacare® Get-U-Up™ Hydraulic Stand-Up Lift

PL-385

Comfortable and secure, the Invacare® Get-U-Up™ Stand-Up Lift is the answer to your patient transfer needs. Its ergonomic styling and easy maneuverability make the Get-U-Up Lift an ideal product for everyday patient handling. The Get-U-Up Lift patented design helps ensure caregiver security and patient peace of mind. Ideal for use with partial weight-bearing patients as well as those needing rehabilitation support, the Invacare Get-U-Up stand-up lift offers safety, comfort and stability.

Innovative adjustment features adapt to a wide variety of body sizes and shapes. That means comfort at any height, width and weight range up to 350 lb. Low friction casters significantly improve rollability and contribute to caregiver safety. Multi-function slings allow for quick toileting, stand-assist or full-support seated transfer (sold separately). Adjustable leg support features a soft pad with lateral contour that secures legs in multiple positions for comfort at any height. Retractable, non-slip footplate provides stable base for transfer.

Weight Capacity: 250lbs

Overbed Table, Non-Tilt O6X200

Easy to assemble. Height adjusts infinitely between 28" and 44". Twin-wheel swivel casters provide smooth-rolling action. Two locking and two non-locking casters. Walnut, wood-grain laminated 3/4" particle-board core with plastic edge molding. Chrome plated "H" base and column for aesthetics and durability. Designed to meet the requirements of HCPCS code: E0274. Supports up to 30 lbs. of dispersed weight.

Code: T2029

Weight: 22 lbs

Table Height: 28 - 44"

Table Width: 30"

Table Depth: 15"

Base Width: 26.2"

Base Depth: 15.25"

Warranty: 1 Year

Mattress Cover A5X779

The Universal Mattress Cover creates a raised rail, defined perimeter for enhanced fall prevention, without using patient restraints. Open in mid-section for safe and easy patient egress and ingress. Built-in medium-density foam bolsters safely and comfortably define edges of bed for patient and prevents falling. Easy to install and secure. Breathable Nylon makes this a truly universal cover, compatible with both foam and powered air surfaces. Converts a standard hospital mattress into a perimeter mattress that helps keep patient from rolling out of bed. Code: T2029

Fits mattress: 34"-39" x 80" x 6"-8" (WxLxH)

Foam Sections: 4" x 5.5" x 29.5" (HxWxL)

Weight: 5 lbs

Foam Density: Medium

Warranty: Limited 1 Year

O6X255 – Right Side

O6X256 – Left Side

The EZ Table is designed to work with most standard lift chairs and recliners.

It works as a convenient height-adjustable table that swivels in front of the chair when the user wants it and then easily swivels to the side to function as a side table when not in use.

The EZ Table comes with a sturdy bottom plate that easily slides under the chair base and uses the weight of the chair to secure the table in place. Code: T2029

The EZ Table comes in an attractive brown, wrinkle-coat finish for years of durable and aesthetically appealing use. The O6X256 is for use on the left side, and the O6X255 is for use on the right side.

Over Bed Table Side Angle

O6X500

The optional side tray accessory provides a horizontal surface while the table top is tilted. A #6 Allan key is provided to adjust the horizontal position of the side tray to whatever angle the table top is set at. Fits right side of bed table only. Table that tilts for sitting in chair. Able to get close to patient. Code: T2029

Size: 7 1/2" x 16 3/4" (20 x 40 cm)

BED RAILS

Bed Rail (Glo) PL-915

Helps you to: sit up and reposition yourself in bed; balance to sit down onto the bed; balance to get out of bed; stand up beside the bed and to transfer. Fits all bed widths; single to king, and adjusts for all mattress heights. Suitable for all beds with a box spring. May be used on certain institutional style beds, and other types of beds. Code: T2029

Maximum weight capacity:
300 lbs (135kgs)

Bed Rail Fits Home Bed A5X850

Bed assist handle with board.
Code: T2029

Weight Capacity: 250 lbs

Dimensions:

11 1/2" x 22 1/2" x 26-1/2"
(W x H x D)

Home Bed Rail PL-911

- Designed to provide support when getting into and out of bed and when moving from a lying position to a sitting position
- M-shape allows for multiple hand positions to accommodate any user
- Multiple crossbars creates easy grip for any height use
- Easy, quick assembly
- Safety strap wraps around mattress or box spring to ensure a secure fit
- Special extra-long safety strap enables user to be in a single, twin, double, queen or king size bed
- Made of powder coated steel for long life and easy cleaning
- Includes accessory pouch for storing remote controls, glasses, magazines and more.
- Weight capacity: 300 lbs.

Code: T2029

Rail Dimensions: 32.75 x 19.75 x 13.5-16.5"

Weight Limit: 250 lbs.

Height Adjustment: 15-20"

Bed Rail For Home Bed A5X225

Steel Bed Rails provide safety while sleeping. Cross brace adjusts from 26" and 46". Can be raised up to 19" or lowered easily. 1" diameter tubing is coated with chip-resistant baked enamel. Cross bars made to fit between box springs and mattress. Code: T2029

Dimensions: 17-1/2" x 55-1/2" rails with steel cross bars.

Quantity: 1 pair.

Adjustable Blanket Support KA-830

Tubular frame base keeps blanket off the feet to help prevent foot cramping. Protects sensitive skin areas. Inserts between the box spring and the mattress. Rests on top of the mattress when not in use. Height adjusts up to 19". Frame is 20" x 6".

Code: T2029

Bed Rail (Bed Handle) Tall PL-901

The Adjustable Bedside Assistant allows you to set the best height for your mattress thickness. Snaps together with only four parts. Simple push in, snap buttons make assembly a snap. No tools. No loose parts. Cushioned, comfortable grip makes this handle friendly to the touch. Lightweight twin mattress? No problem. An included safety retention strap keeps your bed handle from pulling out. Strong yet lightweight, this handle weighs only two pounds! Code: T2029

Dimensions: 20" x 20" (W x H)

Bed Rail (Bed Handle)

PL-900

Unlike bed rails, the Bedside Assistant does not need to be raised and lowered. The adjustable space between the handles allows the user to get in and out of bed while the handles remain in place. Legs come up through the sitting space. Use bed handles on same or opposite sides of bed. Code: T2029

The handles may be covered with standard-size pillowcases for a taut fabric surface. <15 inches tall, CAP #175

Home Bed Rail

PL-973

- For use with most home mattress/box spring/bed frame type beds
 - Weight supported by floor on rubber tip feet, not just by box spring and mattress
 - Adjustable-handle height and leg extensions to accommodate a wide-range of bed heights (see specifications for exact fit)
 - Simple-to-use handle assembly slides under mattress to provide a safe and secure grip for assistance getting into and out of bed
 - Nonslip foam cover on horizontal stabilizer bars provides increased stability within the mattress
 - Folds flat for easy storage and portability
- Code: T2029

Bed Rail (For Hospital & Home Beds)

PL-810 – Home (pair)

PL-805 – Hospital (one side)

PL-815 – Hospital (pair)

The Halo Safety Ring, the only patented institutional bed mobility device that prevents lateral mattress movement, and gap space in the most critical zones: 1, 2, 3, & 4. The Halo Safety Ring meets and exceeds the HBSW and FDA's final dimensional guidelines against bed entrapment. Provides exit points for neck, head, and chest and eliminates the four most critical zones of entrapment. The Halo Safety Ring passes the new "Bed System Measurement Device" pass/fail test that has been approved for Bed System testing by the FDA and state surveying teams. Provides exit points for neck, head, and chest and eliminates the four most critical zones of entrapment. Promotes bed mobility & increases environmental independence.

Code: T2029

Pocket Talker

Q8X189 – Pocket Talker

Q8X190 – Over the Head Headset

Q8X191 – Ear Buds

Q8X192 – Charger

A small personal amplifier for one-on-one communications and TV listening, the Pocketalker helps reduce background noise making it easier to hear in noisy situations. The 20dB high-frequency boost, 25dB SPL high volume output and clarity of the Pocketalker are not found in many similar products advertised.

Code: T2029

Bed Shaker Alarm (Sonic Boom) KK-200

The Sonic Boom alarm clock from Sonic Alert

offers you three different options for waking up: by light, bed shaker, or an adjustable buzzer. Ideal for even the heaviest of sleepers.

The Sonic Alert clock has a built-in outlet for plugging in a lamp and an auxiliary jack for a bed shaker (included). The lamp can be used for both reading and flashing. Includes bed shaker, battery back-up (battery not included).

Adjustable loud buzzer up to 98 decibels. Adjustable volume and tone controls lets you pick the perfect volume and tone to best alert you. Code: T2029

Hospital Gown One Size KA-818

Designed for easy dressing and undressing with side ties. Comfortable, large raglan sleeves allow movement of arms and help prevent fabric from gathering. Diamond-print. Constructed of durable polyester/cotton blend fabric. Machine washable. One size fits most adults. Code: T2029

Wireless Door Alarm CTX400

The GE Personal Security Deluxe Door Alarm provides a simple-to-use, cost-effective security solution to protect you and your family against home invasions thanks to the 120-decibel alarm, loud enough to make a would-be intruder think twice about entering through your door.

Easy to install and requires no wiring.

Door alarm uses four-digit keypad to set security code for arming/disarming. 120-decibel deluxe door alarm with keypad for peace of mind. Alarm delay feature avoids false triggering. Features away and home mode. Easy to install and requires no wiring. Door alarm uses four-digit keypad to set security code for arming/disarming. Code: T2029

Personal Alarm With Magnet String Clip 61X501

This unbreakable pull string fall monitor features a magnet-positioned cord that attaches via a garment clip to the residents clothing. When the resident attempts to get out of their chair, the tension on the pull-string cord causes the magnet to pull away from its position, causing the fall alarm to sound, alerting the caregiver of the residents fall. Adjust the cord stop to desired pull-string length for the residents comfort and also to prevent false alarms.

This monitor unit features a soft, shock-proof protective boot.

Code: T2029

AMPLIFIERS & ALARMS

Alarm Only-Wireless Unit 61X900

The economy cordless alarm is simple to use. The cordless fall prevention alarm can be mounted away from the bed, removing in-room alarm noise. Patented cordless fall prevention alarm monitors and sensor pads help to reduce entanglement and tripping hazards. Caregivers can monitor multiple devices at a central location simultaneously. This cordless fall prevention alarm works with nurse call buttons, motion sensors, and the cordless weight sensing pressure pads and floor mats. Code: T2029

Fall Monitoring Alarm & Pads - Cordless

- 61X901** – Bed Pad only
- 61X902** – Chair Pad only
- 61X910** – Alarm & Chair Pad
- 61X920** – Alarm & Bed Pad

When using a wireless, cordless alarm sensor pad with a wireless, cordless monitor you are able to remove the alarm noise from the room creating a quiet in-room environment for the resident. Alarm pad is placed under resident on the bed or chair. When resident gets up from pad, a wireless signal is sent to the monitor setting off the bed or chair alarm to alert caregiver. A quiet solution for bed and chair alarms for seniors. No noise in their rooms, no cords! Reduces tripping hazards and eliminates broken or tangled cords. Portable—can be placed outside residents room or go with resident in wheelchair. Works with wireless cordless fall monitors. Code: T2029

Fall Alarms for Bed & Chair-Corded

- 61X444** – Unit Only
- 61X445** – Bed Pad only 10x30
- 61X446** – Chair Pad only 10x15
- 61X448** – AC Adaptor

The unit is easy to move from wheelchairs to beds? With the included strap or optional bed bracket clip. State-of-the-art technology ensures patient safety and meets required protocols. These monitors, along with new Patterson Medical pads, activate an alarm when a patient stands up or shifts weight off pad. Unique status lights give caregivers peace of mind.

The battery compartment cover slides then snaps in. Includes a mounting strap, mounting hardware and a 9V battery. Reset button needs to be pressed 3 times in 2 seconds to reset alarm. This helps to prevent patient tampering. Economy and Standard Alarm Monitors have two tones to choose from and the Deluxe Alarm Monitor has one tone and a voice record feature. Code: T2029

Personal Paging System

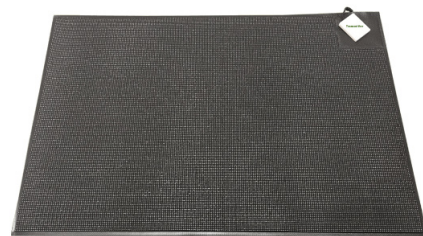

61X903

The TL-5102TP is a stand-alone personal paging system and includes two call buttons and one caregiver pager. When pressed, the nurse call buttons send a wireless signal to the pager, alerting the caregiver that assistance is required. This simple, streamlined system allows you to eliminate in-room alarm noise and with a range of up to 300 ft., caregivers have the freedom they need.

Cordless Floor Mat 61X915

New patented floor mat can be placed by the bedside or in a doorway. When the resident gets out of bed or tries to leave the room and pressure is applied to the mat it will send signal to a monitor to alert the caregiver.

- FMT-03C – CordLess® Floor Mat
- 24" x 36" (black)
- 1 year warranty (use with the TL-2100G, 433-CMU or 433-EC)

DINING

Cup Sippy No-Tip KA-120

Two-handled cup with weighted base and rounded corners is ideal for pediatric use. Self-righting, even when released from a lying position. Clear plastic, dish-shaped lid has two holes to let fluid flow into the dish for drinking. Another lid has a molded plastic mouthpiece. Holds up to 6-1/2 oz. Top shelf dishwasher safe. BPA and Latex free. Code: T2029

Cup Nosey KA-707

A special cutout helps maintain proper head and neck positioning when swallowing, making drinking even easier. Transparent polypropylene cup enables instant monitoring of liquid intake. Institutional dishwasher safe to 228°F. Latex free. Code: T2029

Tumbler 16Oz KA-602

Non-spill tumblers feature an innovative design - each have a leak-proof, squeezable bottle with easy-hold handles. The tumbler's threaded lid stays on, even if dropped. This helps mealtimes to be stress free, as the tumbler prevents spills. For added convenience, the tumblers have the option of drinking from the formed mouthpiece or using a straw through the mouthpiece. Self-closing mouthpiece prevents liquid from spilling. Ideal for family members with Parkinson's, ALS, weak grips, or shaky hands. Smaller tumbler (16 oz.) has a large handle and straight body. Code: T2029

Weighted Cup With Lid 12Oz KA-839

12-oz. cup with eight extra ounces of weight makes it easier for clients with tremors and athetosis to control movement while drinking. Insulates hot or cold liquids. Features easy-to-grasp handle and stable, wide base. Polypropylene. Not recommended for institutional dishwasher or microwave. BPA, Phthalates and Latex free. Code: T2029

Cup W-Lid 2 Handles KA-229

Clear, high-strength plastic with dual handles for a secure grip. Wide base helps prevent tipping. 10-oz. capacity. Includes white spouted lid.

Partitioned Scoop Dish KA-408

White melamine, 8-3/4" diameter dinner plate with 3/4"-high dividers and nearly vertical sides. Two sections have a 4-oz. capacity; the third holds 8 oz. Not recommended for microwave or heavy institutional use. Dishwasher safe to 180°F. Latex free. Code: T2029

Clip-On Food Guard KA-991

Three hooks securely attach guard to plates 9"-10" in diameter. 1-1/4" high guard curves slightly to aid scooping and keep food on plate. Sturdy, attractive white plastic with light gray specks. Dishwasher safe to 180°F. BPA, phthalates and latex free. Code: T2029

Plate Divided W-Lid KA-409

Durable polypropylene dish with lid. Sides are 1-3/4" high for easy scooping; section dividers are 7/8" high. Freezer-to-microwave safe, and top-rack dishwasher safe. 10" diameter. BPA, Phthalates and Latex free. Code: T2029

Scoop Plate w/Suction KA-413

The high rim and reverse curve on one side of this 6-3/4" diameter polypropylene plate help those with self-feeding problems to scoop food without spilling. A rubber suction base adheres to tabletop to keep plate securely in place. Microwave safe. Broad non-skid vinyl base must be removed from bowl before placing in dishwasher. Dishwasher safe on top rack only up to 180°. Color may vary. Latex free. Code: T2029

Can Opener (One Handed) As Seen On TV KA-845

With just one touch to start and one to stop, the Zyliss EasiCan Electric Can Opener automatically opens your cans in seconds. The small but mighty EasiCan opens any size can's lid whether small, medium or large--and it cuts from the side so it doesn't leave any sharp edges. Code: T2029

Scoop Dish KA-411

Molded low in front and high in back. Unbreakable, 8" round scoop dish is non-skid with rubber-padded bottom for control when scooping. Washes in top shelf of domestic dishwashers. Not recommended for microwave. Latex free. Code: T2029

Eating Utensils Weighted

- KA-807 – Fork
- KA-808 – Spoon
- KA-809 – Knife
- KA-810 – Soup Spoon

Plastic weighted utensils have 8 oz. of additional weight, with 1" diameter plastic handle, 4-1/2" long. Dishwasher safe to 180°F. BPA, Phthalates and Latex free. Code: T2029

Scoop Bowl High-Sided KA-407

7-3/4" melamine plastic dish has 1-3/4"H sides to make scooping easy. Non-skid feet on bottom prevent plate from slipping. Dishwasher safe. BPA, phthalates and latex free. Code: T2029

Eating Utensils Bendable/Build Up

- KA-803 – Fork
- KA-804 – Spoon
- KA-805 – Knife
- KA-806 – Soup Spoon

Spoons and forks feature twist in metal shaft that provides easy bending to any angle to accommodate reduced range of motion. Can be bent to the right or left to the position that provides the greatest comfort for the user. Angled rocker knife cuts with minimum effort. Comfortable 1-1/2" wide built-up ribbed rubber handles improve grip. Stainless steel silverware with 4" long handle. Dishwasher safe up to 125°. Latex free. Code: T2029

Can Opener (Counter Top) KA-840

Deluxe can opener opens all can types--including pop-tops with the side-cutting action that lifts the can top off and leaves a smooth edge. Large ergonomic lever is easy to operate. Extra tall design. Code: T2029

Eating Utensils Suregrip

- KA-869 – Fork, Spoon & Knife
- KA-873 – Fork
- KA-874 – Spoon

Comfortable ribbed 1-1/2" wide built-up handles help people with weak grip hold utensils securely. Stainless steel with 4" long rubber handles. Dishwasher safe up to 125°. Code: T2029

KITCHEN & REACHERS

Cutting Board 11x11 KA-826

AMPLIFIED PHONES & HOME APPLIANCES

Freedom Alert CTX405

Freedom Alert is the world's first programmable two-way voice pendant communicator with no monthly fees. Personal security has never been so small or affordable. The Freedom Alert can be programmed to call family, friends, or neighbors at anytime from anywhere in the home and into the surrounding yard. If the programmed contacts are unreachable the system can default to call an emergency 911 operator. The system can be customized with the three-position switch on the back of the base unit to select one of three modes. Compatible with any standard tone

landline.

Code: T2029

Guardian 911 CTX402

There are no monthly fees associated with the Guardian Alert 911. Once the unit is plugged into a power outlet and an active landline it is ready to use. The medical pendant operates off of a battery for up to one year of stand-by time. The medical pendant has extended range allowing coverage in the home and into the surrounding yard. Two-way voice communication in cordless pendant Water resistant pendant Pendant is powered by AAA alkaline battery. System test and battery test functions. Audible confirmations through pendant during dialing, shutdown, and system tests Auto standby after four minutes of inactivity.

Code: T2029

Amplified Phone - Coded CTX131

The Geemarc AmpliPOWER60 amplified big button corded telephone features incoming voice amplification up to 67dB (decibels) with a loud-and-clear speakerphone. Message waiting indicator (with subscription from phone company). Adjustable 90dB ringer volume and tone. Last number redial. Three emergency buttons. Hearing aid compatible. Wall mountable.

Code: T2029

Phone - Photo CTX129

The P300 by Clarity, makes sounds louder, clearer and easier to understand for people with mild-to-moderate hearing loss, with 18-decibel sound amplification and bright visual ring flasher. Programmable picture buttons and high-contrast buttons make dialing easier for those with low vision. Clarity Power technology. Amplifies incoming sounds up to 18dB. Nine programmable one-touch photo memory buttons. Bright visual ring flasher. 75dB adjustable ringer. Illuminated emergency button. Extra large, high-contrast buttons. 3.5mm neckloop jack. Hearing aid compatible.

Code: T2029

Amplified Phone-Cordless CTX130

The Clarity D704HS is an add-on telephone handset for expanding the D700 series of Clarity telephones D704, D714 and D724 to other rooms around your home. Amplifies incoming sounds up to 40dB or 20 times louder than standard phones. Four customizable tone settings. Minimizes background noises. Eliminates feedback and distortion. Easy-to-see high contrast numbers. 10-speed dial memory buttons. Belt clip. Hear-It-Ring Clarity ringer has 10 loud-and-clear melodies plus six levels of volume. Expandable up to five handsets (CL-D704HS). Large keypad and Caller ID display light up as a super bright visual ringer. Direct connection to assistive listening devices or headset with 2.5mm jack.

Code: T2029

Phone Booster CTX132

The HA40 telephone amplifier by Clarity amplifies incoming phone call volumes up to 100 times the normal volume (+40 dB) for people with hearing loss to hear their callers better on the telephone. A special boost button maximizes amplification while blocking out feedback and background noise. Unit easily connects between handset and phone base. Compatible with most corded home and office phones. Will not work with Trimline telephones or phones with a dial pad in the handset. Code: T2029

AMPLIFIED PHONES & HOME APPLIANCES

Carbon Monoxide Detector

CTX151

The First Alert CO600 carbon monoxide alarm uses an electrochemical carbon monoxide sensor—the most accurate technology available. Installation is as simple as plugging it in to any wall outlet. The test/silence button both silences a non-threatening alarm and allows you to test the unit's functionality. The unit monitors and re-alarms if carbon monoxide levels persist, sounding a loud 85-decibel horn.

120-volt AC plug-in carbon monoxide alarm. Uses electrochemical carbon monoxide sensor—the most accurate technology available. Simple to use silence/test button. Easy installation. End-of-life timer; 7-year limited warranty. Code: T2029

Carbon Monoxide/Smoke Detector

CTX152

Detects both smoke and carbon monoxide. Alarm and voice alert sounds when dangerous levels are reached. Voice responds: "Fire! Fire!" when smoke is detected, and Warning Carbon monoxide when CO is present. Operated by three AA batteries (included). Voice Alarm - Announces the hazard type detected thereby helping to speed up the correct reaction to the hazard detected. Alarm announces "Fire! Fire!" when a smoke or fire hazard is detected and announces "Warning Carbon Monoxide" when

a CO hazard is detected. Uses three AA Batteries (Included). Low Battery Warning - The unit warns of a low battery condition by announcing "low battery" and by initiating an alarm chirp and activating a flashing red LED. Code: T2029

Portable & Through Wall Air Conditioners

AC-200 – Portable

AC-107 – Apt Sleeve

AC-112 – Residential Home

The Soleus Air 10,000 BTU portable 3-in-1 air conditioner, fan and high-capacity 107-pint dehumidifier is designed to cool rooms up to 350 square feet. It features digital touch controls and an LCD Remote for ease of use. The three fan speeds allow for a range of comfort settings. Evaporative 107-pint dehumidifier. LCD remote control. Three fan speeds: auto mode, fan only mode, sleep mode. Loss of power protection with auto-restart. 24-hour on-and-off timer. Auto swing. Washable and reusable filter.

Code: T2029

Through the wall air conditioner sleeve style. Must be vented through a window. Information needed before ordering portable + through wall conditioners:

- What location in the home will the unit be installed?
- What direction will the unit be facing when installed? (Ex: west facing will usually need a high BTU unit installed)
- Will disposal of old unit need to be done at time of new unit installation?

Silent Call Legacy Kit HC-SCLLK1

- Complete alerting solution for doorbell, smoke detector and phone/VP calls
- Notifies by flashing lamp and vibration
- 100ft range
- Ready out-of-box, no pairing required

Any table lamp becomes an alerting device once plugged into the Lamplighter. When the Lamplighter receives notification from a Legacy Series Transmitter, the table lamp flashes a unique pattern to help you distinguish between events like door, smoke alarm and phone calls. The Lamplighter's circular receiver is placed on top of the table and the lamp is plugged into the square base, which is placed under the table and plugged into a standard 110-volt electrical outlet. The Lamplighter will let you know if the lamp is disconnected or turned off. Code: T2029 for comfortable reading. Code: T2029

BRACES

Universal Cradle Arm Sling - A4565 BH-2900

Traditional cradle arm sling in an adjustable universal design to fit most patients. Easy, fast and simple application with double D-rings and hook and loop closure. Comfort padding on shoulder strap. Navy poly/cotton material. Measure from elbow to base of little finger. UNIVERSAL

Cervical Collar -L0120

Unique collar design with an extended hook and loop closure adjusts to ensure a proper fit for neck sizes 13" to 19". Polyurethane foam is covered with a soft beige stockinette. Traditional low contour design maintains the head in a neutral position. High contour design has a straight configuration, which is ideal for slight hyperextension.

BH-222 UNIVERSAL 2.5"

BH-333 UNIVERSAL 3.25"

Wrap Around Knee Brace - L1812

Wraparound design is ideal for tender, swollen or injured knees with a quick, easy application. Made of sports neoprene for therapeutic warmth with a soft, long loop lining for comfortable wear.

Metal medial/lateral hinges in neoprene-covered pockets allow for full flexion and provide stabilization and prevent hyperextension.

An open popliteal eliminates bunching and irritation behind the knee. Adjustable support straps.

****Measure around leg 4" above center of kneecap****

Thumb Spica - L3923 BH-1710

Anatomically designed to ensure a comfortable fit. Perspiration is absorbed by a self-wicking lining and increased ventilation is provided by perforated blue foam. Ideal for arthritis, DeQuervain's Syndrome, tendinitis, and post thumb injuries. Closure straps are stretchable for ease of application and removal. UNIVERSAL

Thumb Splint - L3923 BH-1705

Supports and limits the motion of the thumb joints. Also comfortably supports the wrist and prevents rotation. Ideal for DeQuervain's Tenosynovitis, tendinitis, arthritis and sports injuries. Made of a unique C3™ Tri-Laminate material making it cool and comfortable to wear. The supple C3™ material allows for changes in the amount of swelling. The anatomically conforming stay and closures help restrict movement and provide maximum support. Fits either left or right. UNIVERSAL

Pull-On Knee Brace - L1812

Neo-prene knee sleeve with durable steel hinged reinforcements allow for flexion limiting medial/lateral movement with a 180° hyperextension stop. Hinge is in neoprene covered pocket for added comfort. Brace includes a superior horseshoe for added patella stability. Two loop lock straps can be adjusted to give the most intimate and comfortable fit while helping prevent brace migration. Sports neoprene with nylon terry liner has a soft, seamless feel against the skin. Open patella and easy slip on style

BH-8002 – Right XLG

Provides immobilization for weak or injured wrists. A universal, lightweight and breathable wrist brace featuring an easy to apply single-pull elastic closure system, pre-contoured and removable palmar stay, a medial/lateral stay and movable dorsal stay to maximize immobilization and customization. Indications: wrist sprains, strains, carpal tunnel syndrome, post-wrist and hand trauma and rehabilitation.

Lumbar Support - L0626

BH-8025

Universally sized- fits 32 to 51 inch waists. Lower back support- lower back muscles are supported by the rigid panels. One pull closure- the unique fitting system adjusts with one simple pull. Indications: The fully adjustable, lightweight and breathable mesh material means the brace can be worn comfortably, and provide compressive support all day long, so that it helps relieve back pain, weakness and fatigue. The Pull-It™ spinal brace features a patented Mechanical Advantage Pulley System. It provides a 5 to 1 ratio that is low-friction, creating powerful, smooth and easily-controlled compression. This allows for one-handed tightening and loosening of the brace. ****Measure around waist at navel****

Lumbar Support - L0626

The LO-Plus™ Lumbar Support provides abdominal compression and support to relieve lower-back pain and discomfort. A rigid posterior panel provides stability to the lumbar region and covers L1-L5 vertebrae.

Tapered panels contour the body for excellent compression and a conforming fit. Soft, padded interior and ventilated elastic side panels provide additional comfort. The low-profile design allows for inconspicuous wear. Ideal for occasional or chronic back pain, lumbar strains, muscle weakness and postural support.

BRACES & COMPRESSION STOCKINGS

Ankle Brace with Air Liners - L4350 BH-1700

This ankle brace provides medial and lateral support to stabilize the ankle joint for faster recovery and healing of tender soft tissues. Ideal brace for mild or moderate sprains, strains, or after cast removal. The liner is made of a tri-layer pneumatic air bladder that conforms to the ankle and pulsates while walking to provide a massaging effect. Standard height. Adjustable heel piece conforms to fit a range of sizes. Two adjustable swivel straps ensure proper strap placement each time brace is applied.
UNIVERSAL

Diabetic Stocking

SensiFoot™ was specifically developed to help protect the delicate diabetic foot, yet is for anyone looking for comfort and protection and in every step.
Code: T2029

Non-irritating, smooth toe seam reduces pressure and irritation on toes

Extra padding in the foot, heel and toe reduces friction and provides extra comfort and protection

Acrylic multifiber yarns wick away moisture to keep feet comfortable and dry

Antibacterial, antifungal finish inhibits growth of bacteria on the sock to help prevent odor

Carpalmate® Wrist Support - L3908 BH-4020

A lightweight wrist support designed to maintain the wrist in a neutral position while allowing full finger dexterity. The molded portion of the support prevents the wrist from dropping and prevents excess thumb and little finger opposition. Controlling these motions will prevent excess flexion of the wrist and finger flexor tendons, thus avoiding overuse. Overuse can cause tendon inflammation that puts pressure on the median nerve and is the cause of carpal tunnel syndrome. Support is held in place by a wide elastic strap for comfortable compressive support at the wrist.
UNIVERSAL

Sock Aid Donner BH-590

Designed to aid in the application of Vascular Stockings. Compact size and weight make it ideal for stocking application, travel and storage. Ideal for patients with arthritis and limited bending motion. Durable epoxy finish provides smooth "no snag" surface. Accepts most styles of Jobst Vascular stockings. Stocking donner. Makes applying compression stockings a breeze. Ideal for persons with arthritis and limited bending motion. Allows for a simple step-in procedure for donning stockings.
Code: T2029

BRACES & COMPRESSION STOCKINGS

Compression Stocking

The goal of compression therapy is to encourage fluid flow in your circulatory and lymphatic system. Because of that, you will likely notice a squeezing sensation in your arms or legs when you wear your compression garment. To get used to this, we recommend easing into your compression therapy. Start by wearing your stocking a few hours each day, until you're comfortable, and then wear them for longer periods of time.

Code: A6530-A6535

Other things to remember:

Remember to check your stockings periodically to avoid wrinkles

Remove your compression stockings before going to bed each night

Don your compression stockings when you get up before swelling can start

Wearing your compression garment each day is the most effective way to continue your therapy

Failing to wear your compression stockings may result in your condition becoming more severe

Heating Pad Moist Neck 4X17 PL-652

The easy-to-use hand control
features four heat settings and four
time settings. Moist heat therapy
is more effective than dry heat
because moisture transmits heat
more efficiently than air. The therma
moist heating pad has an outer flannel
cover that draws the air's humidity
and retains it, as the heating pad
warms, the moisture is released
into the flannel cover and onto the
treated area. The heating pad will
automatically shut off after treatment.
The positioning strap with velcro-type
closure ensures a secure, proper fit
for maximum treatment. Code: T2029

Brand: Therma Moist

Since 1970, APA Medical has been distributing durable Medical Equipment and Supplies to customers throughout the Twin Cities and to facilities nationwide.

Currently, APA is one of the largest suppliers of lift chairs in the Midwest. We are a Golden Technologies flagship dealer. Please visit our showroom to view and purchase from our full line of lift chairs.

APA started out as a small, locally owned business, and has grown into a company that staffs over 30 employees that bring decades of work experience. From our Customer Care group, to repairs, to order fulfillment, we do everything possible to satisfy our customer's needs. Our goals at APA Medical are to continue adapting to the ever-changing world of insurance, and provide the highest level customer experience. Come visit us at our 2,500 square foot showroom conveniently located in South Minneapolis just off the Hiawatha light rail line. View our contact page for more information.

APA currently holds contracts with most major insurance carriers and waiver programs including Elderly waiver, CADI waiver, DD waiver, CAC waiver, Alternative Care waiver, and CDCS programs. We are accredited with BOC International as a DMEPOS Supplier.

APA is accredited with the Board of Certification/Accreditation (BOC) as a provider of Medical Equipment to Medicare and Medicaid services.

Home Service, Delivery, Installation

APA Medical delivers products to all areas of the Twin Cities metro area and beyond. We deliver, install and instruct on use for all of the items that we provide for purchase or rental.

Shop Service, Electronics, Motors

APA Medical has in-shop service for your entire medical equipment repair needs. We carry a large supply of commonly used replacement parts for most equipment. Rentals are available if your equipment will be unavailable for use. Please call for details.

Customer Service, Insurance, Billing

APA Medical Customer Care representatives can assist you with questions regarding the availability of product, pricing of product and company policies. For any of your general or detailed insurance inquiries, our customer service representative can connect you with one of the APA insurance billing specialists to assist you in navigating through your insurance coverage.

Our Mission:

To provide our customers with the highest degree of service and knowledge available in the industry.
